

## DENVER CONVENTION IN SESSION

**CALLED TO  
ORDER AT  
NOON TODAY**

**Big Auditorium Packed  
to Suffocation When  
Gavel Falls**

**TAGGART READS CALL**

**Temporary Chairman Theodore  
A. Bell, of California, Sounds  
the Party's Keynote.**

### PROGRAM FOR TODAY.

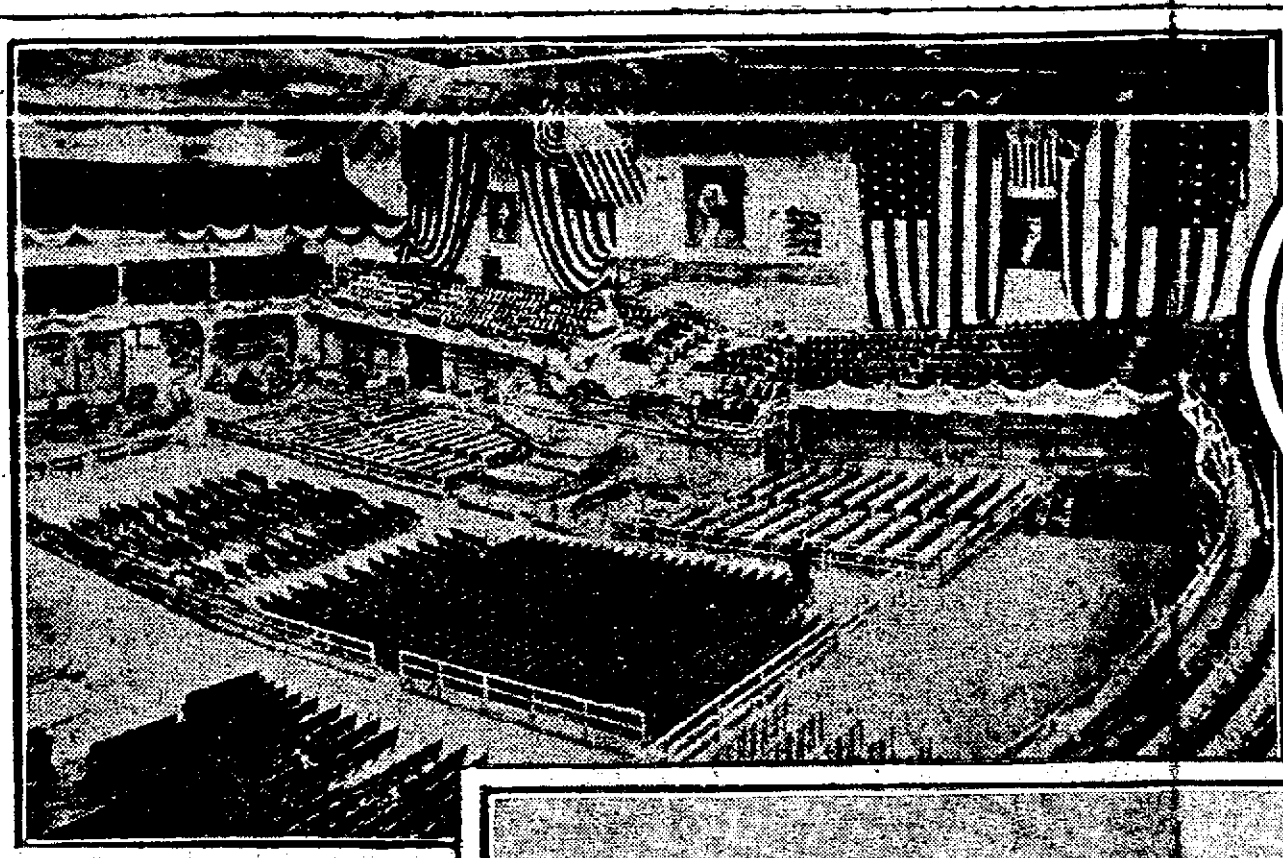

At 12 Noon—Call to order by Thomas Taggart, chairman of National Committee.  
Reading of call for convention by Secretary Urey Woodson.  
Invocation by Archbishop Jas. Keane.  
Announcement of temporary officers chosen by the National Committee and election of others to fill vacancies.  
Speech by Theodore A. Bell, of California, temporary chairman.  
Nominations by states of delegates selected as members of Committees on Permanent Organization, Credentials, Resolutions, and Order of Business.  
Introduction of resolutions of sorrow at death of former President Grover Cleveland.  
Adjournment for today.

The Auditorium, Denver, Colo., July 7.—The Democracy of the East and West today joined hands within the shadow of the snow clad Rockies to name candidates for president and vice president, and to formulate a set of policies upon which to appeal to the voters of the nation.  
For the first time in its history the party had recognized the claims of the far West in the selection of a meeting place. Denver, justly proud of the honor conferred upon her, had provided a brand new auditorium, the best equipped of its kind in America. The building cost the taxpayers of the city \$600,000. In addition, they subscribed to a fund of \$100,000 for the entertainment of the delegates and other visitors, who have been pouring into town by the thousands in the past three days.  
Long before noon, the hour set for the initial session of the twenty-

THOMAS TAGGART.

Chairman of National Committee.  
second quadrennial Democratic convention, the streets in the vicinity of the big, gold-domed building were jammed with people waiting for the doors to be thrown open. Trim, carefully groomed Easterners, clad in long coats, "plug" hats, and derbies, knocked elbows with less punctiliously dressed representatives of the mountain and Pacific Coast states. The "Merry Widows" of the Denver women and the "Merry Cow-boys" of the Western delegates lent picturesqueness to the scene.  
In order to prevent confusion about the entrances, the police had

INTERIOR VIEW OF  
DENVER AUDITORIUM

roped off all of the thoroughfares leading to the structure. Signs over the doorways indicated the direction which each holder of the much prized cards of admission should take. Mayor Speer had assumed the crowd's charge of the handling of the people outside, and a small army of policemen was detailed to preserve order, their work making the task of the ticket takers comparatively easy.

During the assembling and seating of the delegates and spectators, the famous "Cowboy Band" of Pueblo and Alamosa, perched up next the roof in the rear of the hall, rendered a mixed program of patriotic, classical and "rag-time" airs.

As the audience edged its way into the building it was greeted with a kaleidoscope panorama of color. The decorations were probably the most elaborate as well as the most artistic ever attempted for a similar function. Up above the stage of the chairman, dropped from a steel rafter, was a magnificent oil painting of George Washington, framed in gilt, and measuring eight by ten feet. Draped behind it were two huge American flags, while festooned about it were yards upon yards of tri-colored bunting. To the right was a similarly draped picture of Andrew Jackson, and to the left one of Thomas Jefferson. On the opposite wall was a portrait of the last Democratic president of the United States, Grover Cleveland, bordered with black, in mute evidence of the prevailing feeling of sorrow, both party and national, over his recent death.

Back of the platform upon which were seated the members of the national committee, was a row of California palms. Twenty stuffed American eagles, carrying in their beaks, long streamers of red, white and blue, were suspended from the ceiling, immediately over the stage. Around the front of the balconies and galleries were strung 55,000 yards of bunting, while at intervals of ten feet had been placed American shields. Studding the ceiling were tri-colored stars, each ten feet in diameter, representing the various states, territories and insular possessions. In the corners, and about the sides of the main floor were more palms.

The total number of seats was 12,000. The space immediately in front and at the sides of the platform had been equipped for the use of the 400 newspaper correspondents who have come to tell the world all about it. As in the recent Republican convention at Chicago, the press associations were permitted to install in their reservations telegraph operators with soundless keys for the bulleting of important features of the proceedings. Down below the stage, reached by stairways leading from the press section, were rooms set apart for the use of the telegraph companies and press associations.

In the center of the hall were the 1002 comfortable opera chairs occupied by the delegates, and back of these the seats of the alternates. In each of these sections were two women, Colorado and Utah having each sent a delegate and an alternate. Mrs. Mary C. C. Bradford is Denver's voting representative in the convention, and Mrs. H. J. Hayward of Salt Lake, the delegate from Utah. It was the first time that the "suffragettes" of the West had the opportunity of seeing real women politicians participating in national affairs.

There was manifest disappointment on the part of the six men who had been chosen by the Democratic party in the Philippines as delegates

THE DEMOCRATIC NATIONAL COMMITTEE AT PLAY IN THE SNOW ON THE MOUNTAINS NEAR DENVER

## NEW YORK DELEGATION FAVORS RADICAL PLATFORM AND STRONG ANTI-INJUNCTION PLANK---RECOMMENDS A PARCELS POST

Denver, July 7.—The most sensational event in the Democratic national convention today was the action of the New York delegation, which recommended to the committee on resolutions a radical platform including in it nearly all the demands made by Gompers and union leaders, including the strongest kind of anti-injunction plank and a declaration in favor of the parcels post.

The anti-injunction plank goes further than even Bryan is willing to go and the Bryanites say Tammany is trying to put Bryan in a hole.

Chas. A. Towne, of New York, and Congressman Ollie James, of Kentucky, continue to be touted as the strongest candidates for vice president, but the situation is still in the air.

Bryan will certainly be nominated for President on the first ballot. The report is today that Johnson and Gray will be placed in nomination and voted for, but that they will be withdrawn before the ballot is over and Bryan nominated by acclamation.

There is still no inclination that Judge Gray will weaken and take the vice presidency. He can have it without asking if he will accept.

Denver Defeated 26 to 8.  
July 7.—Tom Johnson was defeated in the Ohio delegation vote for national committeeman by a vote of 26 to 8, Harvey C. Garber having the majority vote. The delegation refused to accept telegraphic proxies held by Johnson of 13 delegates who are still en route.

Flood at Bryan's Home.  
Lincoln, July 7.—W. J. Bryan's home is still out from Lincoln by raging floods caused by the cloud burst Sunday night. Bryan saw none of the state delegations yesterday or today. Seven persons are known to have drowned, and it is believed other bodies of women and children were found when the waters receded. About 2,000 are homeless and the property loss is half a million.

Ohio Organization.  
Denver, July 7.—The Ohio delegation today elected the following convention officers: James Ross, Columbus, chairman; Carl H. Hinkel, Gailion, secretary; John S. Lynn, Bell-air, treasurer; John A. Dwyer, Toledo, sergeant-at-arms; R. C. Garber, national committeeman; John J. Lentz, vice president of the convention; Max Goldsmith, Cincinnati,

committee on credentials; Carroll D. Jordan, Findlay, committee on rules; S. D. Webb, Albany, permanent organization; D. H. Gruber, Steubenville, resolutions.

### NEW YORK.

Organization of Its Delegation is of National Significance.

Denver, Colo., July 7.—At the New York state caucus the previously arranged program of the state leaders was carried out in every detail.

No action was taken as to the presidency, vice presidency or the selection of national committeemen.

Lewis Nixon was appointed head of a sub-committee of ten to draft a tentative platform to be presented at the subsequent caucus and to be urged before the convention committee on resolutions.

A strong anti-injunction plank was offered in the caucus and referred to the sub-committee without debate.

Charles F. Murphy was made chairman of the state delegation and Alton B. Parker member of the committee on resolutions; Thomas F. Grady, member of the committee on rules; Daniel F. Cohalan, member of the committee on credentials, and Chas. P. Williams, member of the committee on permanent organization.

The caucus adjourned to meet again at 10 a. m. Tuesday.  
The subcommittee on Platform held its first meeting yesterday afternoon. Absolutely no suggestion as to a future course of action regarding the presidency or vice presidency was made. It was generally understood in advance that all of these matters were to be passed over for the present and probably decided by other subcommittees, to be named later.

The subcommittee on platform is as follows: Lewis Nixon, chairman; Alton B. Parker, Thomas F. Grady, Daniel F. Cohalan, Bird S. Coler, Martin W. Littleton, Michael F. Walsh, Robert W. Chanler, Thomas K. McGuire and Edward S. Coatsworth.

Some comment was occasioned by the action of the caucus in naming Judge Parker as the state's representative on the convention platform committee, and the next moment adding Lewis Nixon, chairman of the subcommittee entrusted with the work of drawing up the platform which Judge Parker will be instructed to place before the convention for its adoption.

Nixon, who is a warm personal friend of Bryan, is taking a most prominent part in the Tammany conference, and this is one of the factors

upon which the friends of the Nebraska base their belief that New York will be for Bryan.

## GERMANY

WRESTS HONORS FROM FRANCE BY WINNING GRAND PRIX AUTO RACE TODAY.

Germans Also Finish Second and Third—French Driver Mechanician Killed.

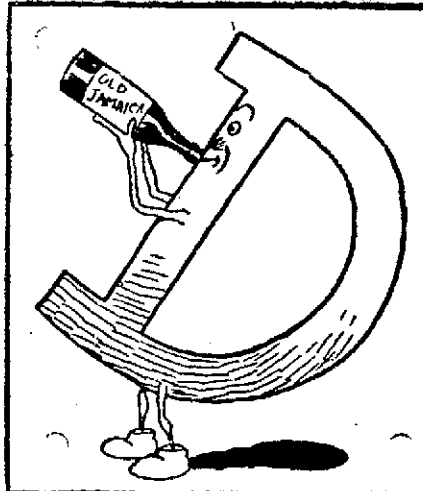

Dieppe, France, July 7.—Lautenschlager, in a Mercedes car, won the grand prix automobile race today. Lautenschlager's time for 473 1-3 miles, was six hours and 55 minutes.

Lautenschlager's victory wrests the automobile championship from France and gives it to Germany. Not only was Lautenschlager first, but Hemery and Hanriot, both Germans, finished second and third. Stang, the American, who drove a Thomas car, had an accident at the start, and was never a serious competitor.

Paris, July 7.—A message has been received from Cissac, driving a French car, and his mechanic, were killed by the overturning of their car.

If it wasn't for the word "obey" the average groom wouldn't know he was at his own wedding.

## WHAT IS IT?

What musical instrument?

Answer to yesterday's puzzle—Baseball.

## JUDGE TAFT

PLAYS BALL AS DIVERSION FROM A POLITICAL DISCUSSION AT HOT SPRINGS.

Has Conference With Senator Beveridge Regarding Conditions in Indiana.

Hot Springs, Va., July 7.—More arrivals have been noted in connection with the conference of Republican leaders, Senator Beveridge of Indiana, and Representative Burke of Pennsylvania being the latest to put in an appearance. When they got here they found that Mr. Taft had disposed of a large amount of correspondence and had gone on the golf links with Frank B. Kellogg. After his return he was closeted with Senator Beveridge for a couple of hours and they went over conditions in Indiana and elsewhere with great detail. Mr. Beveridge told Mr. Taft that he did not consider that the affairs of the party in Indiana are in condition to endanger the state next fall. A ball game between the statesmen and the newspaper correspondents put an end to further conferences for the day, Mr. Taft taking part in the game on the team of statesmen and Mrs. Taft witnessing the sport.

## AT LAST

MME. ANNA GOULD HAS A TIGHT GRIP ON HER FRENCH PRINCE.

Were Married This Morning in London and Ceremony Was Followed by Wedding Breakfast.

London, July 7.—Mme. Anna Gould and Prince Helle de Sagan were married this morning at the Strand registry office by Registrar Craddock. Following the civil service the couple were driven to a French Protestant church in Soho square, where a religious ceremony was performed. There were no attendants on either ceremony, the utmost simplicity being observed, though no attempt was made at secrecy. George Gould and his family were not present at either service. The second ceremony was followed by a small wedding breakfast at the Savoy Hotel. The couple will leave for Paris tonight.

## FUNERAL

OF MURAT HALSTEAD, EDITOR AND AUTHOR, HELD AT CINCINNATI.

Noted Men Bear Pall and Funeral Services Were Simple, Conducted by Boyhood Schoolmate.

Cincinnati, O., July 7.—Among the pall-bearers at the funeral of Murat Halstead, the editor and author, were Judge Alexander D. Huston and Stephen Gerard, who officiated 51 years ago as best man and groomsmen at his wedding, the other pall-bearers being Henry Watterson, the Louisville editor; Mayor Leopold Markbreit, Senator J. B. Foraker, John J. Platt, Captain Jeremiah Banks, Edmund Lunken, Thornton M. Hinkle, Charles P. Taft, Frank Wiborg, John W. Warrington and M. M. White. The simple services were conducted by Bishop John M. Walden, a boyhood schoolmate of the dead journalist, at the late residence, burial being at Spring Grove cemetery in this city.

Most things seem more important, before we have accomplished them, especially marriage.

## BATTLESHIP FLEET SAILS FROM FRISCO

**Ships Leave Hospitable Port and Steam Out to Golden Gate**

**ARE BOUND FOR MANILA**

**Not a Single Fighting Ship Will be Left in Home Stations This Fall—Will Return Feb. 22.**

San Francisco, July 7.—Scarlet fever having broken out on the battleship Nebraska, she will not leave with the others of the fleet today on the world cruise, but will be detained in quarantine here.

San Francisco, July 7.—Between shore lines banked with thousands of cheering people and to a martial accompaniment of thundering guns which belched forth their deafening farewells from Fort Baker and Fort Mason, the battleship fleet passed through Golden Gate this afternoon and stood out to sea in a magnificently imposing line on its course toward Honolulu and the far east.

The farewell to the fleet vividly recalled the magnificent reception it was given when, two months ago, it steamed into San Francisco at the end of its cruise around the Horn.

Hundreds of steam and sailing craft, packed with wildly cheering people, formed in lines on either side of the channel, while the neighboring hillsides were black with cheering humanity.

Led by the flagship Connecticut, the ponderous ships leaving their anchorages swung gracefully into line, and taking their positions at regular intervals, steamed slowly out toward the Golden Gate in single column.

When opposite Fort Baker a puff of smoke rent with flame spurted from the bridge deck of the Connecticut and the crash of a gun spoke out the farewell of the fleet to its own country.

The announced itinerary of the cruise to Australia and Asiatic waters extends only to Manila and is as follows:

Depart San Francisco July 7.  
Arrive Honolulu July 16, depart July 23.  
Arrive Auckland Aug. 9, depart Aug. 15.  
Arrive Sydney Aug. 20, depart Aug. 27.  
Arrive Melbourne Aug. 29, depart Sept. 5.  
Arrive Albany, Australia, Sept. 11, depart Sept. 17.  
Arrive Manila, Oct. 1, depart Oct. 10.  
Arrive Yokohama, Japan, Oct. 17, depart Oct. 24.  
Arrive Amoy, China, (second squadron) Oct. 29, depart Nov. 4.  
Arrive Manila (first squadron), Oct. 31.  
Arrive Manila (second squadron), Nov. 7.  
The battleships Maine and Alabama, preceding the fleet as a special

REAR ADMIRAL SPERRY.  
In Command of the Atlantic Battleship Fleet.

service squadron, sailed from San Francisco for Manila June 8. The Pacific armored cruiser Juneau, accompanied by the fast protected cruiser Charleston, will tow the flotilla of torpedo destroyers, which accompanied the fleet from the Atlantic and two other torpedo boats to be selected from the Pacific flotilla, to Samoa, sailing from San Francisco next month.

The battleship Mississippi, Idaho, New Hampshire and Indiana, with the armored cruisers North Carolina and Montana and a complement of auxiliaries, will take station in the

(Continued on Page 3, 5th Col.)

## CONTESTS

WERE DISPOSED OF IN SHORT ORDER BY THE NATIONAL COMMITTEE.

Mayor Johnson of Ohio, Scored and Sullivan's Delegates From Cook County are Seated.

Denver, July 7.—The Democratic national committee lost no time in disposing of all the contests brought to its notice except those from Pennsylvania and Idaho. The general result was that the delegates who came armed with credentials from their state and district conventions were seated.

Seventy-six seats were involved from Illinois, New York, Pennsylvania, Idaho, Ohio and the District of Columbia. The work was done by six sub-committees, four of which reported to the full body.

Roger Sullivan of Chicago was an easy winner of the twenty contested seats from Cook county, disputed by Robert E. Burke and his associates. Former Senator Fred T. Dubois was sustained by the sub-committee which heard the Mormon contests from Idaho, but the committee was not ready to report to the full committee before that body adjourned. Tom Johnson of Cleveland was a winner in the Nineteenth Ohio district, where he triumphed over the sub-committee, winning out by the vote of 26 to 24 before the national committee. The Rockwell delegates, E. E. France and A. C. Holloway, were displaced and the two Johnson delegates, J. F. Flaherty and E. F. Reineck, seated in their places. The victory of Johnson was secured only after the Cleveland man delivered an extended and eloquent argument before the committee. In the Ninth Ohio district the Garber faction retained the two contested seats over the protest of Johnson.

Pat McCarren of Brooklyn was practically ignored in his contest against Charles F. Murphy for the twelve seats in Kings county. Before the sub-committee he became so abusive of the Murphy-Coleman team that he was not permitted to proceed and the meeting was adjourned with the decision to take no further action with regard to the contests. The full committee sustained this action without debate.

Joseph Hewley of the Thirty-first Pennsylvania district, whose right to his seat was disputed by the Guffey people, was sustained by the sub-committee. It was contended that Hewley was not a Democrat, but had organized a party of his own, called the "Bryan party."

Ryan became bitter in his denunciation of Dallas, calling him "puppy" and "upstart," and finally grew so violent in his denunciation that Committee Chairman Allison of Virginia called him to order and caused him to withdraw his statements. After listening to criticisms and recommitments for an hour and a half the sub-committee took the contest under advisement.

The Illinois contests were equally fraught with personalities and bitter denunciations of opposing sides. Roger Sullivan addressed the sub-committee in defense of the regular Cook county delegation, asserting the entire regularity of such proceedings in connection with their selection. Sullivan's chief contention was that the illegality charged by the Burke faction did not apply to the election of delegates to a national convention, but under the law had reference only to state conventions. In this he was sustained by the sub-committee. James C. Dahlman of Omaha, Bryan's close adviser, was one of the three members of the sub-committee who decided the Illinois contest in Sullivan's favor, the other two members, Atwood of Kansas and Wade of Iowa, being also strong Bryan supporters. Mayor Dahlman stated after the sub-committee adjourned that the contesting delegates were unable to establish the charges of illegality as far as they applied to a national convention.

After the decision the Burke men spoke and declared that they would carry their case to the committee on credentials, and if defeated there, to the floor of the convention.

Leaders of several contesting delegations, incensed by defeat, charged that the sub-committees were packed against them. Little hope was expressed, however, by the opponents of Sullivan, Guffey, Murphy and Dubois that they would win before the national committee. The matter of whether Oklahoma should be allowed fourteen seats, as accorded by the national committee, or eighteen, as claimed by that state, was passed along to the credentials committee.

Take Johnson to Task.

Denver, July 7.—It is likely that a rehearing will be demanded in all Ohio contests. The decision of the national committee to reverse the verdict of the sub-committee was due largely to efforts of Mayor Tom L. Johnson, and when this became known to the remainder of the delegation many of them were highly displeased and informed Mr. Johnson of the fact in explicit terms. He finally agreed to appear before the national committee and ask for a rehearing of the cases.

Gold Medal Flour was your mother's favorite.

Putting it on ice won't always keep a secret.

## PROMINENT PERSONAGES SEEN AT DENVER CONVENTION

## DEMOCRATIC CONVENTION

(Continued from Page 1.)

When they were ushered into the alternates' seats. According to the precedent set by the last convention, as well as by special action taken last week by the national sub-committee on arrangements, the Philippine representatives are denied a voice in the deliberations, although they are graciously permitted to look on. They intend to make a fight before the committee on rules for recognition as delegates. The point made against their participation in the doings of the convention is that it would be inconsistent for Democracy to declare that the Philippines ought not to be a part of the United States and at the same time admit representatives from the islands to a governing political body of the nation.

Great interest centered in the arrival of various big men of the party, many of whom had never been seen in this part of the country. As the identity of such men as Tammany Chieftain Murphy, Theodore A. Bell of California, the temporary chairman; Tom L. Johnson of Ohio; Governor Swanson of Virginia; Mayor Dahlman of Omaha; Roger Sullivan of Chicago; Alexander Troup of Connecticut; and Colonel Guffey of Pennsylvania, became known in the galleries, they were given generous rounds of applause. The locations of the various state delegations were easy to pick out, each being indicated by a placard elevated on a stand.

By 12 o'clock the auditorium was packed from floor to topmost gallery, a majority of the visitors' seats being occupied by women. In the space at the right and left of the delegates' seats, on the main floor, reserved for distinguished guests, were Congressman and Mrs. Longworth, a number of diplomatic representatives from the South American republics, and many other persons prominent in the social and official life of the country.

Shortly after noon, when the applause following the "cowboy band's" rendition of the "Star Spangled Banner" had died away, Chairman Thomas Taggart of Indiana, head of the Democratic National Committee, tapped for order on the hard wood speaker's stand, and the business of the convention was begun. Secretary Urey Woodson of the National Committee, who introduced and read the call under which the assembly had been convened. It was as follows:

"The Democratic National Committee, having met in the city of Washington on the 12th day of December, 1907, has appointed Tuesday, the 7th day of July, 1908, as the time, and Denver, Colorado, as the place for holding the Democratic National Convention.

"Each state is entitled to representation therein equal to double the number of its senators and representatives in the congress of the United States, and each territory—Alaska, District of Columbia, Hawaii and Porto Rico—shall have six delegates. All Democratic citizens of the United States irrespective of past political associations and differences who can unite with us in the efforts for a pure, economical, constitutional government, are cordially invited

to join with us in sending delegates to the convention."

When the reading of the call had been completed, Chairman Taggart announced that the Rt. Rev. James J. Keane, Roman Catholic Archbishop of the Diocese of Wyoming, would offer the invocation. As the distinguished prelate lifted his hands, the entire audience rose to its feet.

The invocation of the reverend gentlemen was a masterful effort and the large audience remained respectfully silent until he had concluded.

Chairman Taggart then announced the names of the temporary officers selected by the National Committee, the principal ones being:

Temporary Chairman, Hon. Theodore A. Bell, of California.

Temporary Secretary, Hon. Urey Woodson, of Kentucky.

Temporary Sergeant-at-Arms, Hon. John I. Martin, of Missouri.

Official Reporter, Milton W. Bloomburg, Washington, D. C.

First Assistant Secretary, Edwin Sefton, New York.

The selections of the committee were ratified by the convention without delay, and Taggart then appointed a special escort to pilot Temporary Chairman Bell to the stand. The California statesman thereupon "sounded the keynote" of the convention.

## BELL SOUNDS KEYNOTE

Theodore A. Bell of California, upon taking the chair as temporary chairman of the Democratic national convention, spoke, in part, as follows:

"We have assembled at a time when the public conscience is demanding honesty of purpose in the men who undertake to direct the affairs of the state. The public eye is keenly sensitive to every political movement, and our proceedings here will be approved according to the degree of sincerity appearing in the work of this convention. There is a widespread belief, founded upon evidence of a convincing character, that the party in power has not been true to its trust, that it has betrayed the common interest into the hands of the enemies of good government, thereby forfeiting its right and destroying its ability to rule in the name of the people.

"Apparent to everyone is the fact that way down deep in the heart of the Republican convention at Chicago there was a feeling of anger and resentment over the popular clamor for reform; and it is equally patent that there is no bona fide intention on the part of the Republicans of granting reforms, if the machinery of that party can be retained in present hands. Its paper platform, divided like ancient Gaul into three parts, is a mere sham, a makeshift and a evasion. It is hoped will make a good campaign transparency; but no one seriously believes the Republican party endorses that neutral manuscript which held the convention together until it could ratify the nomination of a presidential candidate.

"Approaching our great task in a manly, dignified manner, imbued with the loftiest sentiments of patriotism, ambitious to throw every safeguard around the liberties of our people, determined to stamp out the abuses that are consuming the substance of the nation, let us proceed to our appointed duty with the sustaining consciousness that we are responsible alone to God and to our country for the justice of our cause.

"There are three things that this convention should do. It ought to

present in a plain and unvarnished manner the serious industrial and present conditions that are disturbing the peace and happiness of our country. We should then proceed to a courageous exposure of the Republican policies that are co-operating with private greed in the general oppression of the people. Most important of all, we must exhibit a readiness and an ability to grasp the problems of the hour and to effect their solution in a manner that will satisfy the sober, common sense of the multitudes whose interests are at stake.

"Among the great evils that afflict the country at the present time is the abuse of corporate power. At first the advancing aggressions of the corporations are not discernible to the common eye, for every move is carefully covered up until sufficient political strength is attained to defy the protests of the people. Thus the constant and insidious invasion of the people's rights finally results in a species of arrogance and defiance so formidable in its appearance that the body of the people, in fear of even worse aggressions, hesitate to exercise their rightful authority over these colossal enemies of the commonwealth.

And so we behold a subversion of our free institutions, a government voluntarily subordinating itself to selfish, private ends, special privileges resorting to cunning, bribery and intimidation to maintain its unholy power, while the masses timidly ask that when avarice has at last reached its point of satiety it will then benevolently permit the people to resume their rightful share in the government themselves.

"The Democratic party is not an enemy of all corporations. It recognizes their great value in the industrial world. Through the agency of incorporation scattered wealth is brought together and given a driving force that it would not otherwise possess. Great enterprises are thereby undertaken and the undeveloped resources of the country added to the wealth of the world. No rational man can be opposed to corporations as such and the assertion that the Democratic party is waging an indiscriminate war against this convenient form of transacting business has no foundation in fact. It is the abuse only of corporate power that we seek to eliminate.

"We are confronted with the inquiry, what assurance has the Republican party given that it will use the forces at its command to restore the people to their rights? In its Chicago platform it did not make even a decent pretense of championing the people's cause and the proceedings of that convention are glaringly insincere. It was noted that the elements were present in that gathering, one with sufficient votes to adopt a platform and name its candidate for president, the other powerful enough to unwrite that platform and tie the hands of the nominee.

The distinguishing feature of the Chicago platform is its oft-repeated promise to do a lot of things that the Republican party has heretofore failed to do. That party went to Chicago fresh from the hills of congress, where an overwhelming Republican majority in both branches enabled it to propose and to adopt any legislation that it chose. Does the Republican party believe that it can be absolved from its dereliction of duty by an empty promise to do in the future what it has wilfully failed to do in the past?

"Some one suggested that this convention should publish an indictment against the Republican party. We can probably expect the proceedings by entering the plea of guilty that is contained in the Chicago platform, simply changing the words 'We will' to the words 'We did not' to conform to the admitted facts. We then have the following confession of guilt:

"We did not revise the tariff."

"We did not amend the anti-trust laws to secure greater effectiveness in the prosecution of criminal monopolies."

"We did not add a single line to the interstate commerce law, giving the federal government supervision over the issues of stocks and bonds by interstate carriers."

"We did not exact a currency measure that would mitigate the evils of a financial panic such as has recently prostrated the country under a Republican administration."

"We did not limit the opportunities for abusing the writ of injunction."

"We did not establish postal savings banks."

"We did not admit into the union the territories of New Mexico and Arizona as separate states."

"The last congress was in session during a financial crisis when innumerable banking institutions, preferring a holiday to a funeral, closed their doors and filled the minds of the millions of depositors with anxiety and fear. The sentiment in favor of postal savings banks which had been steadily growing in this country, became almost universal during the recent panic. So insistent became the voice of the people that the president sent a special message to congress urging the establishment of postal savings banks where the earnings of our people might be safely deposited under the direct control and responsibility of the federal government, and where no speculating bank cashier or any member of the board of directors could eat up the savings of years.

"The United States senate showed its hearty sympathy with this popular demand and its profound respect for the president by adjourning the senate while the message was being read, while over in the house of representatives they refused to suspend the roll call of the house to receive the communication which had been sent there from the White House.

"The Chicago platform points with pride to the passage of a child labor law for the District of Columbia. Let the Republican party go further than the enactment of penal laws and in the name of humanity use its vast energies for the removal of the conditions that are forcing our children into the labor market. It is the reign of monopoly that is emptying our school houses and filling the sweatshops with child labor and this same system of monopoly is fast limiting the opportunities for independent livelihood among those who are forced into the industrial field and thus it is doubly blighting that hope of youth which in former stages of our national growth opened an avenue of honor and independence to every child upon our soil.

"The most palpable instance of the insincerity of the Chicago platform is found in its declaration respecting the issuance of injunctions. It would have been entitled to more respect if it had omitted all mention of it. At session after session of congress, labor has pleaded for relief from the abuses of injunctions, but its appeals have fallen on deaf ears and there has been no indication that remedial legislation of any character would be enacted. The oligarchy in house and senate has decided that nothing shall be done to weaken any advantage that corporations have gained in labor disputes.

"The charge that the courts are being assailed is simply made for the purpose of diverting attention from the real issue. Heretofore it has not been considered treason or an unwarrantable attack upon the honor of the

(Continued on page 7, col. 4.)

## PLATFORM

WOULD BE EASY SAILING, BUT FOR ANTI-INJUNCTION PLANK.

Bryan is Not Insistent—Committee is Deluged With Plenty of Free Advice.

Denver, July 7.—When the anti-injunction plank has been adopted half the work of the resolutions committee of the Democratic national convention will have been completed, for it is now conceded that the attitude of the party in reference to the use of injunctions in labor disputes is the most embarrassing question that will be presented to the committee or the convention. Mr. Bryan had let it be known that his position on this point is not rigid. Perhaps the most important conference with reference to the injunction plank was that held at Fairview during the dinner given by the Nebraska to a number of prominent Democrats on July 4. At this dinner Mr. Bryan stated that he realized that there might arise situations where the issuance of an injunction without notice to those enjoined would be the only remedy against loss of life or irreparable damage to property. To meet such cases, Mr. Bryan further indicated, that if the resolutions committee could draw a plank which would provide for such emergencies with the safeguard that this class of injunctions should be self-dissolving after three or five days the plank would meet his approval.

Work on the platform continued through the medium of an informal sub-committee consisting of Governor Haskell, who is to be chairman of the resolutions committee, and a number of prominent members of the party who will have places on that committee. The product of this work will be laid before a large sub-committee of the resolutions, when the latter is appointed by the convention. The plan contemplates telephoning each plank to Mr. Bryan at Lincoln as soon as it is agreed on by the sub-committee. In this manner it will be possible for the sub-committee to present to the full resolutions committee a perfected platform which has already received the stamp of approval of the prospective candidate. So far there has developed no intimation of hostility to Mr. Bryan's wishes with reference to the platform. One of these wishes is understood to be that the platform be the product of the resolutions committee, guided, of course, by frequent conferences with Fairview.

Planks of many varieties were submitted to Governor Haskell and by him to his conferring colleagues. The tariff plank came in for considerable discussion, with the result that this language was put forward tentatively as embodying the position the party should take:

"The Democratic party believes in a tariff for revenue only, but inasmuch as the expenses of the government are great and we are depending largely on imports for the revenues for running the government, which means the imposition of the tariff, we favor levying of the tariff duties in such manner that there shall be no discrimination in behalf of any section of the country or any industry."

No one would be quoted as saying that this plank would be adopted in the form given.

Judge Powers of Utah has transmitted a plank he had received and approves from Samuel Newhouse, prominently known in railroad and mining financial circles. Mr. Newhouse wires Judge Powers that the plank was written after careful canvass of the financial classes in New York. It recites the necessity of maintaining and even increasing in some instances existing railroad rates and tariffs, recognizing the rightfulness of government regulation. The necessity for maintaining rates is stated to be to pay the present high wage scale to railroad employees.

Mayor Brown of Lincoln, who is to be the Nebraska representative on the committee on resolutions, arrived with Mr. Bryan's suggestions concerning a number of planks of the platform. He said that it had not been Mr. Bryan's intention to prepare a complete platform, but that it was his wish that the committee itself should perform this duty. He declined to say what subjects were covered by the Bryan draft, but it is understood through other channels that Mr. Bryan's memorandum deals especially with the subjects of the regulation of the issuance of writs of injunction by the federal courts in labor disputes; the tariffs, the trusts, the railroads, the election of senators, which he would have by direct vote of the people; the guarantee of bank deposits by the government, and the publicity of campaign contributions. The injunction plank, as drafted, would prohibit the issuance of prohibitive writs without notice except in the cases in which it is evident irreparable damage might be done to property. In that event the plank will permit the issuance of an injunction limited to ten days, and a hearing would be required on the second presentation of the case.

It is likely that the Coshocton Gas company will sink several new wells in the Utica field in order to take care of the needs of the Cio company. President Sapp of the gas company, and Supt. Aland will at once take up the matter of new wells. The Cio's expect to become one of the heaviest users of gas in the whole Utica field. —Coshocton Age.

## CHLOROSIS

A Form of Anæmia Which Afflicts Growing Girls and Which Dr. Williams' Pink Pills Cure.

There is a form of anemia, or bloodlessness, that often afflicts growing girls, the medical term for which is chlorosis, or green sickness. It has been called the anemia of development. It requires care and proper attention or neglect may cause a life of unhappiness and suffering. There is also danger of consumption, especially if a dry, hacking cough is noticed. The disease is in the blood and Dr. Williams' Pink Pills are particularly well adapted to cure it. We have yet to hear of a case in which these blood-making pills have been tried without success.

Mrs. Martin Wells, of 433 Belden avenue, Syracuse, N. Y., was cured by this treatment. She says: "When I was about fifteen years old I became all run down from chlorosis. I was pale, thin and weak. I had frequent sick headaches, which lasted all day and when I got up in the morning I often had dizzy spells. I had a backache all the time, was without an appetite and could hold nothing on my stomach. My blood was watery and poor and I was troubled with palpitation of the heart. My people were afraid I was going into consumption. 'The doctor did me no good and then my mother bought some of Dr. Williams' Pink Pills. I took two boxes at first and gained in strength. I continued using them until fully restored to health. My system was built up and I haven't seen a day of sickness since.' Parents of girls who go into decline as they reach the period of development should not neglect the first warning symptoms for the whole future health of the child depends upon the way in which the child passes this critical time. Nature needs some help in most cases and the best treatment with Dr. Williams' Pink Pills is the most efficient that can be given. They contain no stimulant, opiate or narcotic, are absolutely harmless and cannot injure the most delicate constitution.

A valuable booklet, "Diseases of the Blood," containing fuller information will be sent free upon request. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

## A Talk on Olive Oil

SOME INSIDE FACTS, NOT GENERALLY KNOWN, BUT INTERESTING. "PURE" is usually supposed to describe the highest quality of OLIVE OIL, but such is by no means always true. Without exception, the oil imported here is the second, and more often the third pressing—which though pure, is very much inferior to the first pressing. The best article obtainable in this market is the California product—THE SWAN BRAND. This oil is obtained entirely from the first pressing of the fruit, and is not only strictly pure, but of the very highest MEDICAL quality, and is also entirely palatable. We supply this article at the price usually charged for ordinary grades, and will be pleased to have our friends compare it with any other product.

## R. W. SMITH

Prescription Druggist—Opp. Postoffice

H. J. MADDOCKS. CIVIL ENGINEER AND SURVEYOR. Office Phone 866. Room 506 Newark Trust Building, Newark, Ohio.

CAN YOU ROIL WATER? THEN YOU CAN MAKE GOOD CHOCOLATE—BUT YOU MUST USE CREME-CHOCOLATE.

Birth Announced. Born, to Mr. and Mrs. W. R. Walker, of North Morris street, a son on July 4.

It Tastes Good. Get "Lola" for your picnic sandwiches. No other bread keeps so moist and fresh nor tastes so good. 5c, at your grocer's.

Woman's Mission Circle. The Woman's Mission Circle of the Fifth street Baptist church will meet Thursday afternoon at 2:30 o'clock at the home of Mrs. A. J. Sanford, 251 Granville street.

Notice. A meeting of the Carpenters' Union Local No. 136, ordered called for this evening, July 7, at 7:30. All carpenters requested to be present by order of Homer Cooper, recording secretary.

Will Give Concert. The regular rehearsal of the Newark Choral society was held last night at their room, Hibbert & Schaus block, after which a business meeting was held, bills allowed, and it was arranged to give a concert at Taylor Hall, July 23, to be cheap in price only.

Garrity Bros.' New Sign. Garrity Bros., the sign artists who succeeded Charles A. McNeal, 5 1-2 South Park place, have just completed and mounted an attractive new sign in front of Jerry Baker's cafe, South Second street. The new sign is 17 feet long and is lettered in blue letters with white edge lines and yellow background.

First Presbyterian Church. At a meeting of the building committee of the First Presbyterian church Monday evening, Vernon Redding sketched the proposed new church were discussed and reports from solicitors were received. Subscriptions to date total \$21,025. According to a resolution adopted at the first meeting of the committee, work will begin when the sum of \$25,000 is subscribed by responsible people. An earnest effort will be made within the next few days to secure the required amount, \$3,975.

Business Changes. Owing to alterations in the block occupied by the Erman & Son pharmacy on North Third street, that drug store is being moved across the street to the room which up to date has been occupied by the Newark Real Estate and Improvement company.

Harold T. Brennan the electrician, and Mr. Cox, representative of the Fleischman Yeast company. The office of the Real Estate company has been removed temporarily to the office of Norpell & Norpell, 12 Lansing block. Mr. Brennan has moved to the room on North Third street occupied by Mr. McKenzie, and Mr. Cox has moved to a Fourth street room.

north of the Newark Steam Laundry.

## NEWARK CLUB'S SECOND MEETING

FORMER RESIDENTS OF THIS CITY ENJOY REUNION AT CHICAGO, ILL.

Hospitable Home of Judge Clark Was Thrown Open—Over 50 Present. Officers Elected.

Chicago, July 6.—The second annual meeting of the Newark (Ohio) club of Chicago, held at the beautiful country home of Judge Cassius C. Clark, Mont Clare, Ill., was a decided success. The number who responded to the invitations was very flattering considering the threatening weather. The sky was overcast with clouds and the weather man predicted showers, but in spite of this warning the attendance was large and every one who enjoyed the hospitality of the Clark home was delighted with the day's entertainment.

The tables were spread under an 80-foot canvass, surrounded by all kinds of vines, trees and flowers with the elegant summer home of the Clarks in the background. There was a smile on every face when the camera man made a group picture. Few old time picnic dinners even in dear old Licking county, Ohio, were better than the one served the former Newarkites here. In fact, it couldn't have been better. The menu consisted of all styles of chicken, home made cakes (like our mothers used to make), and to please and appease the royal appetites the general hostess had prepared about a score of delicious cherry pies. There was of course all the usual trimmings and all of the joy of a real picnic.

The afternoon was spent in dancing, baseball and bridge. There were 44 Newark people and 11 visitors present. One of special note was Mr. Edwin C. Hyde of Bloomington, Ill., who married a daughter of Thomas Roe of Cherry Valley, Licking county, Ohio. Many regrets were received from Newark people. All of the club's officers were present except the treasurer.

The following members were elected for the ensuing year: President, Mrs. E. J. Hughes, 5220 Madison avenue; vice president, Mr. Harry G. Smucker, 1135 Washington boulevard; secretary-treasurer, Mr. Edward A. Chynpoul, 309 Bush Temple, re-elected; advisory board, Mr. William H. Snyder, 966 West Chicago avenue; Mr. Stephen D. Lisle, 6112 Lowe avenue, and Mr. George S. Huff, 4142 Berkeley avenue.

The good-byes were then said, when all departed for their homes, quite a number going to Sans Souci Park, to hear the great Creative and his band.

Mill Smucker solemnly offered a resolution not to elect Dr. Hughes as treasurer. Harry, his brother, seconded the motion, and it was carried by a large vote. Somebody then nominated the maker of the motion, but before it was seconded Dr. Hughes was on his feet moving an amendment to the constitution permitting the secretary to act as treasurer and everybody present seconded the suggestion, and so the doctor scored.

Mill Smucker ate so much spring chicken that the doctors wouldn't let him out of their sight the rest of the day. He is a good rival of men of the cloth in this respect.

Miss Sue Eddy won first prize in the waltzing contest.

The new president had to be carried to the chair vacated by Mrs. Gertrude Smucker.

The secretary missed two trains but caught the third and arrived in time to help get away with the chickens.

Three chickens and a tiger were given for Judge and Mrs. Clark.

Eighty drops of water fell from the 80 foot canopy that covered the 80 foot table, but no one's appetite was affected and no spirit's dampened.

The Buckeye was on every lip.

The second annual meeting was such a huge success that the members are already planning for next summer's festivities when the third reunion will be held.

## JAPANESE STORIES.

Japanese Folk Stories and Fairy Tales. By Mary F. Nixon-Roulet, author of "Our Little Spanish Cousins," etc. Cloth, 12mo, 191 pages, with illustrations. Price 40 cents. American Book Company, Cincinnati. This is the latest issue of the well

known and popular series of Eclectic Readings, and is intended for supplementary reading in the fourth and fifth years. It is a collection of 31 popular stories from the mythology and folk lore of Japan, few of which have ever before been told in English. They are here retold in a simple and pleasing manner.

## PERSONALS

Samuel Rattenberg is in Baltimore on business.

## OBITUARY

MRS. SARA H. GILES.

Mrs. Sara H. Giles died at her home in New Lexington Saturday, July 4, after a lingering illness. The funeral occurred Monday morning at 10 o'clock, and interment was made in the New Lexington cemetery.

GUY GRAHAM.

Mr. D. S. Criss of Criss Bros. & Jones' undertaking firm, was called to Dresden Tuesday to take charge of the remains of Guy Graham, aged 28 years, the son of Mr. and Mrs. James Graham. The young man died Tuesday morning after a short illness. The hour for the funeral has not yet been set.

JOHN J. JONES.

Word was received from Columbus announcing the death of John Jones, formerly of this city, which occurred there Monday. Mr. Jones has been ill for several months, a part of the time being confined to a hospital.

For many years he was an engineer on the B. & O. running out of this city. He is well known here and was a member of the local Masonic bodies, and of Roland lodge, 134, Knights of Pythias.

The funeral services will be held under the auspices of the Newark Masonic bodies, in the private chapel of Plecher-Prown & Co., 1122 North High street, Columbus, Wednesday at 2 p. m. Rev. W. A. Smith will conduct the services and the body will be laid to rest in Green Lawn, Columbus.

**THE COUNCIL AND CITY EXPENDITURES**

The proceedings of the City Council last night indicate pretty plainly that the body proposes, very wisely and properly, to retain its rightful grip on the city's purse. In other words the indications are that the Council proposes to regulate and control the city's finances, especially in the matter of improvements and expenditures. If the Council maintains such a stand it will certainly merit the approval of the taxpayers.

In a number of cities of the state the unlimited power of certain boards which was supposed to be authorized by the new code was not given practical effect. The councils of these cities still maintained and exercised control of improvements and administrative expenditures.

As a general proposition the council should have the right to control municipal expenditures, as it is the council that is held responsible for any extravagance that may be claimed to exist.

In the matter of city improvements the council should exercise authority and control to the extent of passing upon all plans and specifications, so that appropriations for the improvements would not be made until the council gave its approval of the plans.

What are the council's powers if they do not consist of control of the city's expenditures?

If the city government is extravagant the council is always the recipient of censure. For the same reason the council is entitled to credit if the city's affairs are administered economically.

Let the council, therefore, maintain its grips on the city purse.

**Valued Same as Gold.**

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, malaria or biliousness." Sold under guarantee at F. D. Hall's drug store, 25c.

**RECORD OF VOYAGE**

Made by King Necho, 599 B. C. Unearthed at Burastis, in Lower Egypt.

Paris, July 7.—Two interesting scarabs were recently unearthed in Burastis, in lower Egypt, one of which is now in a museum in Paris, the other in the Royal Museum in Brussels. They are inscribed with the particulars of the voyage of an envoy of King Necho II, in 599 B. C., in exploration of the coasts of Africa. The envoy managed to effect a complete circle of the continent, arriving at the Red Sea. He was quite lost most of the time.

**MANAGERS AT WAR OVER SELECTION OF REP. CHAIRMAN**

Washington, July 7.—The Republican managers are at war with each other over the selection of a chairman of their national committee. Candidate Taft seems loath to settle the matter. Whatever decision he arrives at will not add to the era of good feeling that is necessary to get the brethren together. The trouble is the antipathy of Hitchcock and Vorys, the two Taft managers of the campaign for the nomination. Although Mr. Hitchcock has said that his health will not permit him to assume the arduous duties of chairman, his friends are still very actively at work in his behalf, which would indicate that he wants it. Hitchcock is here and Vorys also, and there is no love lost between these two, for both seem to imagine they fixed things for Taft and are entitled to the chairmanship as a reward. Both of these practical politicians know too much to be neglected by Mr. Taft, and both will have to be taken care of politically, and no doubt will be. If the law compelled publicity of expenditures made in securing nominations, there would undoubtedly be a nest of corruption in the way of money spent and offices promised, exposed to the American people which would astound them and perhaps defeat Mr. Taft for president.

But the Republican leaders having defeated the bid for publicity of campaign contributions and expenditures, and having rejected the La Follette plan to the platform which promised legislation requiring publicity, the Republicans find themselves handicapped at the beginning of their campaign by the jealousy of the two managers, who having had a taste of blood in the selection of the candidate, now want to feed on the full body of political corruption. It is almost certain that Vorys will not be selected as chairman, for although he undoubtedly cleared the way in Ohio for Taft, yet his appointment would emphasize the deal that was made with Boss Cox, allowing him in return for supporting Taft to dictate the nomination of very questionable candidates for the principal state offices in Ohio, which quite a large faction of the Republican party in that state refuse to support.

**IMPORTANT SESSION OF CITY COUNCIL MONDAY EVENING**

**Finance Committee Objects to Budget and Delay in New Waterworks Gets Aired**

**City May Sue Ohio Electric Railway Co.—Member of Council Receives Threats Through Mails —B. P. S. Gets Scoring—Other Business.**

The most sensational and interesting session of the new city council that has yet been held was that of Monday night, when President Rossel, Members Kuster, Fulton and Stare began turning city affairs over and shaking them down. The matter of the delay in the completion of the new water works system was aired unreservedly, the finance committee knocked every recognizable feature out of the budget presented at the last meeting, except the salary portion.

There weren't over a half dozen spectators in the council chamber, but those who were there witnessed some interesting scenes, one in particular when Councilman Stare, who has been insisting upon the enforcement of existing city ordinances, declared dramatically that he was the recipient of two anonymous letters, sent through the U. S. mail, threatening him with impeachment and many other dire things if he did not go a little slower in his charges against certain departments of the city government. When called upon to do so, Mr. Stare submitted the latest episode for examination.

The letter was written in a rather sweeping style of penmanship, resembling that of a woman. An attempt was made to disguise the writing, principally by means of misplaced capitals, bad punctuation and a general attempt to appear illiterate. The communication was as follows: "Newark, Ohio, 6-7, 1908.

"Mr. Stare: "I understand you have quite a good deal to say unnecessary talk about the Gambling that is going on. So you say and about our City Police force just take a fool advice and attend to your own business—don't imagine that any one should pay any attention to you but I will tell you if I had had said to me what is said about you and yours I would not try as you say to Show People up. \* \* \* No you got in There but you may want again and don't say to much or we may have you impeached.

"Yours truly, "One Who Knows You."

The letter may be the work of a practical joker, but this is scarcely probable, as Councilman Stare has repeatedly called attention of the council to laxity in various departments of the city with regard to former ordinances as well as those passed by the present council. If a joker is trying to get in some funny work he will meet with some unpleasant publicity and may get in the hands of Uncle Sam before the affair is over, for the entire council is incensed over the anonymous letters and reflections upon this member of the city's law-making body.

The matter was brought to light when the finance committee reported that it was not yet through with the appropriation ordinance providing for expenses for the fiscal half year ending December 31, 1908. The appropriation ordinance, constituting the budget, was submitted at the special, adjourned, meeting of the council last Monday night, and instead of holding up the salaries, provided for in this budget, which includes all city employees, a substitute ordinance was presented last night which covered only the salaries and a few minor appropriations that came under the head of absolute necessities. The substitute reported that it was not yet through investigating the other appropriations provided for in the budget.

At this juncture, President Rossel stated that he was informed by the city auditor that he would reject such an appropriation, being a part of a general appropriation ordinance, and that such a substitute ordinance would be illegal in his opinion.

When President Rossel asked for an explanation of the finance committee in recommending the appropriation of the salaries and withholding the remainder of the budget, Mr. Kuster arose and stated that it was simply for the purpose of gaining time in which to go over the budget thoroughly.

And/or Maurath's position on the question Mr. Fulton became somewhat heated and stated that he was of the opinion that it was not up to the city auditor or any other city official to run the council; that there are things in that budget that are absolutely irregular, unnecessary and should not be allowed. As an example, merely, he cited the naming of the sum of \$2,900 for the purchase of voting wagons for the board of elections, which he claimed was an absolutely useless expenditure, as there are still plenty of rooms to be had in the voting precincts that will serve for voting places without going to the trouble of getting a lot of wagons!

Here Mr. Kuster resumed, saying that in his opinion the budget was prepared and stuffed with a lot of unnecessary expense appropriations with the salaries included and held over the heads of the council simply to pass the balance of the ordinance.

It was here that Mr. Stare arose and said that matters had come to a pretty pass indeed when the council comes up to do its duty to the public, the duty that is elected to do, and is threatened with all sorts of dire things in order that the members would do things just to suit a certain few that might be effected by a change in program. It was at this point that he called attention to the anonymous letters that he had been receiving. He said in part:

"We are here to do those things which we feel are for the best interests of the city of Newark, its residents and taxpayers, and when we come up to do those duties and are confronted with threats of all kinds false accusations embodied in anonymous letters, and such things as this, I think it is time to call a halt. In this letter I am accused of theft, not guardedly nor by implication, but directly accused of theft by this man who ever he is, who is too cowardly to sign his name or meet me personally and make such an accusation. I defy any man to prove that I have ever done anything in this city that is in violation of the law or city ordinances, and if the writer of this letter is in this council chamber or any place in the city, I'd like an opportunity of meeting him."

Mr. Kuster's motion that the substitute ordinance be placed on its second and third reading and final passage brought forth another term of discussion. Then Mr. Fulton explained a few things by saying:

"As a member of this finance committee I wish to say that our endeavor is to pass on the appropriation ordinance carefully and honestly. This committee is not trying to hold anything up or to imply dishonesty. It is not the place of this council to follow in the direct footsteps of the former council in accepting or rejecting an appropriation ordinance. They might have been extravagant; I'm not saying that they were, but that they might have been."

President Rossel: "But Mr. Fulton, the finance committee has had this ordinance in its hands for examination for the past week in which time they could have decided upon it and cut out those parts of the appropriations which they believed unnecessary; besides, I don't believe a counter ordinance can be a proper thing in this sort of a case."

Mr. Kuster: "Mr. President, as chairman of the committee I called the members together the first of the week but it was impossible for them to get together long enough to go over all of the budget. This is a big document and it takes considerable time to go over it thoroughly and carefully. Why, there are enough little items under the vague headings of furniture and fixtures to keep us busy for a week and furnish all the furniture stores in Newark. And still, besides these, there's a \$1,000 contingent fund included under all of these departments. I say it is simply outrageous; that's the only way I can express it!"

But, in spite of the long discussion, the substitute ordinance was put to a vote and passed unanimously under

suspension of rules and on second and third readings.

Another big discussion was raised when Member Fulton introduced a resolution to the effect that the city solicitor be instructed to bring suit against the Ohio Electric Railway company to compel them to sprinkle the streets between their tracks, as recently ordered by the city council. As the resolution would of necessity carry with it the appropriation of money to try the case, it was necessary to give the resolution three readings. When it came time for remarks Mr. Kuster addressed the council as follows:

"Now, as I understand it, the railway company claimed the old water works company was holding them up on the price of water, and that for that reason they had arranged to get water from the new city plant with which to do the sprinkling."

"Now this water plant business of delay has caused the city no end of inconvenience. Here it was to have been completed in May, then it was put off until June, then until July, and now they say that perhaps—perhaps it will be ready by the last of August. I, for one, am getting tired of this monkey business and delay. Besides paying interest on these bonds, the city is paying this water company hydrant rental at the rate of \$1,100 per month and getting nothing out of it. Somebody's got to pay this hydrant rental; what are we getting for it? Nothing at all but delay, delay from month to month. I tell you, gentlemen, I'm getting good and tired of it."

Mr. Fulton: "That was exactly my purpose in introducing this resolution. Somebody is very much at fault. There is a bill of \$27,250 in the budget for the next six months marked hydrant rental. I think we should be reimbursed by this company for this delay if there is a forfeiture clause in the contract with the city. I don't care about the old water works' doings. They can't charge the railroad company over a certain figure fixed by law, and I think the company should be forced to comply with the order of this council to sprinkle their tracks. These street car companies are entirely too independent. If they wait for the new water works company to furnish them water, I'm afraid we won't have them sprinkling the streets this summer—maybe never."

After concluding his remarks, Mr. Fulton called upon Mr. Taylor, of the Board of Public Service, to give the council his opinion on the situation. Mr. Taylor stated that the \$27,500 referred to in the budget as hydrant rental, was the amount set aside by the city pending the decision of the suit brought against the city two years ago by Auditor Maurath's refusal to pay hydrant rental to the old water works company. In case the suit is decided in favor of the city it is understood that the sum mentioned will be simply a surplus in the city treasury.

Regarding the delay in the completion of the new plant, Mr. Taylor stated that the company's continuous delays were getting on the nerves of the B. P. S. and that he had told Mr. Bonnell of the American Light and Water Company, that his company or the Platt Iron Works would be compelled to reimburse the city in the amount of \$1,100, the sum the city is paying them for monthly hydrant rental, for each month of this unnecessary delay, in spite of the fact that the forfeiture clause of the contract between the city and the contractors was knocked out by injunctions.

At this point Mr. Kuster suggested that the delay was probably due to the "improved pumps"—the "improved Davis pumps."

Mr. Taylor said that the company's principal trouble seemed to be with the new condensers; that the pumps which are said to have a capacity of 5,000,000 gallons could reach the capacity mark but couldn't sustain it because they couldn't get the proper vacuum.

Mr. Kuster: "Then they will not pump 5,000,000 gallons?"

Mr. Taylor: "Well, that can't be ascertained fully until the final test is had."

Mr. Taylor stated that he was expecting the officers of the Platt Iron Works in the city Tuesday to look over the plant and see what could be done toward facilitating the work of

getting it in operation. After some further discussion, the original Fulton resolution was brought up on second and third reading and passed under suspension of rules.

When a petition from Hudson Park addition residents was read, asking for the removal of a tree and telephone pole in the alley between Charles and Smith street, President Rossel took his cue and delivered a few pointed remarks regarding the duties of the B. P. S. He stated that it is becoming common for the members of the board to make themselves good fellows with property owners by turning these trivial matters over to the city council where they consumed unnecessary time that might be better devoted to matters of more importance, and where the council has no authority or funds with which to perform such duties. The result was that the petition was referred back to the B. P. S.

Councilman Stare got busy in resolutions introducing one in particular which was sweeping, in fact so much so that it was referred to the law committee. In substance it was for the purpose of shaking up the general city administration to the enforcement of ordinances that have been passed and gone unenforced.

Another one which was adopted was that authorizing the proper authorities to notify the railroads to keep their city street crossings in better shape.

Mr. Fulton got busy with his Public Square improvements, also. Eight resolutions were adopted which provide for the complete sidewalking of the west side of West Park Place, between the alley of the Franklin National bank, and the south line of West Main street.

The semi-annual report of the board of health was received and filed. Among other things included in the report, the figures gave the birth and death rate in the city at 264 and 166 respectively.

Nine property owners petitioned for an art stone walk on Ballard avenue, between Oakwood and Cedar streets. The petition was referred to the street committee. A resolution by Mr. Orr, declaring it necessary to proceed with the improvement of North Williams street by paving and curbing from West Main street to a point 1615 feet north of West Main street, was passed, two members not voting. Mr. Orr explained that this improvement was petitioned for by the property owners before the old council. Mr. Stare suggested that the partial paving be held up until the whole street could be taken care of, rather than to patch the work.

Mr. Flohr's Moult street sewer improvement finally went through last night under suspension of rules. Now the property owners in that part of the city will get their 15-inch sewer. On motion of Mr. Kuster, the ordinance accepting Fred C. Evans' second addition to the City of Newark was taken off the table and passed, with an amendment, suggested by Mr. Fulton, to the effect that the acceptance become effective as soon as Mr. Evans entered into a contract with the B. P. S. agreeing to lay walks about the properties included in the addition.

A resolution, authorizing the engineer to prepare plans for the paving of Buena Vista street from Main street east to the north line of Indiana street, was adopted. Mr. Kuster explained that while nothing could be done about paving the street this year, the property owners wished to get the matter before the council and make a start at it.

Mr. Irwin presented a resolution ordering the B. P. S. to remove a tree from an alley between Lawrence and Drumm streets. Adopted.

Under a resolution by Mr. Baker, the engineer will be instructed to prepare plans for a grade for alleys between Second and First streets and between East Main street and the Ohio canal.

The engineer was also instructed to prepare plans for the construction of a ten inch sewer on Fenner avenue, from Chester to Andover streets.

**REFRIGERATORS AND LAWN MOWERS, 20 PER CENT OFF. STEPHAN'S DEPT. STORE.**

Borrowell—"Did you propose to her on your knees?" Harduppe—"No; on my uppers."

**FOUR EMPLOYEES OF WATER WORKS CONTRACTORS ARE ON THE CITY PAYROLL**

It has just come to light through the investigation by a member of the City Council that there is a force of four regular employees at the pumping station of the new waterworks plant, who are on the city payroll, and whose salaries were included in the budget which was held up by the finance committee of the City Council at Monday night's meeting.

The force consists of the night men, Engineer George Snooks and Fireman Thomas Floyd, and the day men, Engineer W. H. Cocanour and Fireman

Theodore Caw. The salaries of these four aggregate about \$275 monthly. The councilman who found out this fact, will raise a formal objection to it at once on the ground that these four men are really in the employ of the American Light and Water company, and do not come under the head of city employees. The salaries of these four employees of the company are included in the fund requested for the waterworks appropriation in the budget, which will be looked into by the finance committee of the council.

### LICKING.

The B. Y. P. U. meeting for last Sunday night was postponed until next Sunday night owing to the Children's Day exercises at Lakeside.

A young man from Newark who was working on the Wehrle farm fell from a veranda one day last week, dislocating his shoulder.

Rev. B. G. Bowman of Wauseon, a former pastor of Licking church, was calling on old friends last week.

Mrs. Kyle has been very sick again, but is better now.

Mrs. Jessie Brown of Granville and Mrs. Arthur Brown of Cleveland called at the J. R. Black home Saturday evening.

About 30 of our young people boarded a hay wagon last Saturday and spent the evening at the home of Miss Irene Richards, near Granville.

Mrs. Virgil Hammond spent a day last week in Alexandria at the reg-

ular meeting of The King's Daughters.

Mrs. Moses Evans is spending a few days in Columbus with her parents.

Pastor McCall and wife and son of Caldwell, O., spent a few days last week with friends here.

Fred Blade who was burned with gas last week, is all right again.

Miss Grace Legg of Columbus, is visiting at the home of her aunt, Mrs. Will Messick.

Mr. and Mrs. Arthur Brown of Cleveland, is visiting at the home of their parents, Mr. and Mrs. W. C. Brown, Sr.

Miss Lulu Taylor spent Saturday and Sunday at the home of her grandparents, Mr. and Mrs. John Ruffner.

Mrs. James Black entertained the home folks at her home on the 4th.

Mr. Tom Slocumb met with quite a misfortune last week, a good cow being killed by lightning.

The most beautiful part of Buckeye Lake is the east end. Take the Avondale boats at the big pier. Good dinners a specialty. 6-13tdf

### IMPORTANT

To Ladies, and Especially So to Brides

We want you to investigate the merits of the Ohio Steam Cooker. Nothing so neat and nice for the kitchen. By calling at the Newark Hardware company, 23 West Main street, you can see the cooker and have it fully explained. 3-6t

OXFORDS AND STRAW HATS 1-4 FF. STEPHAN'S DEPT. STORE.

### CLAY LICK.

Mr. Joseph Wilson Jordan of Coffeyville, Kansas, was here over Sunday, guest of Mr. and Mrs. Mac Mossman.

Children's Day was observed at the Brushy Fork church on Sunday evening. A program replete with beautiful sentiment was rendered in a manner that won the admiration of the large audience.

Cupid always in search of prey, captured more prisoners last Saturday in the persons of Miss Mamie Bagent and Mr. Alva Drumm. May their life be one long day of sunshine and roses is the wish of all.

Simpson's Pet, the local ball team, decisively defeated the Black Hand Giants on their own diamond on the Fourth of July. Score 8 to 2. Dr. H. L. Simpson is the efficient manager of the local team.

### HOW ONE GAINS

Success in Money Matters—By the Ad Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

EIGHTH WAY. By ascending the ladder of success one step at a time. Some men fail because they spread or expand too rapidly. "Little boats should keep near shore." One should go ahead very cautiously. Step by step ascend the ladder of success and your footing will be safe. Step by step has been achieved the success of The Buckeye, whose strength has steadily grown from year to year until it has become one of the leading financial institutions of Central Ohio.

LAST MASS MEETING BEFORE TENT SERVICES

At a largely attended meeting Monday evening the final arrangements were made for the Union Evangelistic services. A tent 40 by 60 feet has been secured and will be erected the latter part of the week. The first meeting

will be held Sunday, July 12 at 4 o'clock and all young people, and especially children are urged to attend and make the first meeting a great success.

The song book that is to be used is the "Golden Trumpet," and the music committee has secured the services of Prof. Winton, of the Episcopal choir, to conduct the musical end of the program. A rehearsal will be held Saturday evening at the First Methodist church, and all singers are requested to be present.

The song book that is to be used is the "Golden Trumpet," and the music committee has secured the services of Prof. Winton, of the Episcopal choir, to conduct the musical end of the program. A rehearsal will be held Saturday evening at the First Methodist church, and all singers are requested to be present.

The speakers for two weeks have been chosen, but no one will know who is to speak on a certain night except the executive committee and the pastor. This arrangement is made so special features can be introduced when occasion demands.

### FENCE COMPANY

WILL HAVE AIRING IN COURT, SUIT BEING BROUGHT TO COLLECT NOTES.

News Gathered from the Different Offices in the Licking County Court House.

In the suit filed Tuesday in the clerk's office an interesting history is revealed. Some time prior to August, 1905, the Eastern Ohio Fence company was incorporated, and opened headquarters in Newark. The business of the company was to sell from some nursery hedge fences, and stock in the enterprise was sold to many of the citizens of Newark, and their notes were taken in payment or part payment of the amount of their stock subscriptions.

After selling some nursery stock to farmers and others, the business was closed by order of the court, and a trustee appointed to wind up the company's affairs. The notes given were long ago sold to presumably innocent parties, who have just brought suit to get pay for their holdings.

Court of Common Pleas.

In the case of State vs. Tony Game, a peace warrant, the recognition for defendant's appearance at the next term of the court of Common Pleas was fixed at \$10. Black.

Emily Hampshire vs. Oliver Hampshire (3 camps) creditors' bills, bond for appeal to the Circuit court was fixed at \$50. Smythe & Smythe; James.

Price vs. Price, et al, sale reported made; confirmed and deed and distribution ordered. Kahler & Montgomery.

The April term of court adjourned sine die.

Real Estate Transfers.

Chas. C. Zartman and wife to Austin and Vinie Watts, 57 1-2 acres in Hanover township, \$770.

Chas. Fennison to John Fennison, 40 acres, \$146.

David J. Robert to Henry H. Van Kirk, inlot 123 in West Main street addition, \$200.

### BRYAN SPEECHES

Now on Edison Records and May be Heard Through the Edison Phonograph.

William J. Bryan has made another move which will carry joy to his admirers and be not without interest to those who oppose him and his ideas.

It must be admitted that a candidate's speeches have much to do with what people think of him, and that the more people he can address, the more widely he can disseminate his ideas.

It is true that the newspapers report the speeches of politicians of importance, but they can only give the cold words in type, shorn of the personality, voice and inflection of the orator.

Mr. Bryan has found a way to give his best speeches to the greatest number of American homes in the shortest possible time, and that is by means of the Edison Phonograph.

Some time ago he was approached with the suggestion that he make some records for the Edison Phonograph. Naturally Mr. Bryan refused, but when it was pointed out that in no way could he address so many American people as through the wonderful medium of the Phonograph, he saw its possibilities at once.

It was pointed out to him that a single popular Edison record frequently sells up into the hundreds of thousands, and that a hundred hearers for a single record is a ridiculously small allowance, but that taking these figures, a record which sells a hundred thousand, would have ten million hearers. Mr. Bryan realized that in no way could he get so close to the hearts and minds of the people.

The result was that a special expert was sent to Bryan's home in Nebraska and in Bryan's library were made ten records, each record consisting of an extract from one of Bryan's speeches.

### FIREMEN

MAKING PLANS FOR NATIONAL ORGANIZATION MEETING AT COLUMBUS.

Over One Thousand Delegates Will Attend the Big Convention to Be Held in September.

The state committee which will have charge of the entertainment feature of the coming convention of the Brotherhood of Locomotive Firemen, and Engineers, at Columbus, has opened an office and will immediately take up the work of making preliminary arrangements. The committee, which was chosen by representatives of various lodges of the state at an informal conference at Columbus, is composed of T. F. Roberts, of Lodge 175, Newark, chairman; C. L. Fletcher, Lodge 63, Toledo, vice chairman; F. C. Simpson, 10, Cleveland, secretary and treasurer; E. W. Poor, 9, Columbus, treasurer; A. H. Hoddy, 583, Columbus, chairman of the executive board; D. C. Mote, 445, Columbus, and R. B. Ackerman, 107, Gallion, members executive board.

The convention will open at Memorial hall September 14, and is expected to remain in session for three or four weeks. The ladies' society, an auxiliary, will be in session at the same time. There are 758 lodges of the brotherhood, and more than 300 auxiliaries, so the number of delegates alone will be more than 1,000. Each lodge will send a representative as the firemen have already put into effect the plan which was before the engineers at their recent convention—to have delegates' expenses paid through the general office and pro rated among the general membership instead of each lodge paying for its own delegate.

There are 65,000 members of the order.

### PRIZE MONEY FOR THE HEISEY GLASS WORKERS

THE DISTRIBUTION AMOUNTS TO TWELVE THOUSAND DOLLARS THIS TIME.

Shop Headed by Jacob Hounker Wins First Prize—Each Man Gets \$260 as His Share.

This is prize money day at the A. H. Heisey company's big table glass plant.

When the men quit work tonight fully 200 of the employees will be made glad by the receipt of cash prizes from the firm, aggregating the handsome sum of \$12,000.

It has been customary with the Heisey company for years to put a premium upon good work and the glassworkers who have the smallest percentages of loss on their work at the end of each fiscal year receive cash prizes.

This year the shop headed by Jacob Hounker, assisted by H. Heizer, W. Linskey and Tim Giblin, wins first prize. It means that each of these men will get a check for \$260, while the nine helpers in this shop, P. Smoot, W. Harnigan, A. Eckert, A. Klaus, J. Hushing, F. Ross, H. Woods, O. Sheppard, and A. Markle, each get a prize of \$52 in cash.

The prizes this year aggregating \$12,000 are distributed among 200 of the Heisey employees. The smallest prize to glassworkers is \$75, to helpers, \$52.

### A LETTER OF INTEREST

The Chalybeate Spring Water Co. 16 1-2 North Park Place, Newark, Ohio.

Dear Sirs—We have examined your sample of spring water sent me, making test for chlorine, organic matter, nitrates, etc., or any evidence of contamination. Results are most satisfactory. It is the purest natural mineral water we have ever examined. It is entirely free from organic matter, or any other evidence of contamination. Those who can obtain their supply from such a water as this are certainly to be congratulated. We judge this is the extent of the examination you wished, considering that we made a full mineral analysis some months ago.

We congratulate you on the fine proposition which you have in this water, and shall be pleased to serve you at any time.

Yours very truly, Columbus Pharmacy Company, Per E. N. Webb, M. A., Chemist, To the Chalybeate Spring Water Co.

### MEETING

Of Board of Education Monday Evening Was Short and Only Routine Business Transacted.

But little business was transacted at the regular meeting of the Board of Education Monday night and but four members answered to the roll call. Messrs. Conrad and Christian were absent.

The usual routine business, including the allowance of sundry bills, was disposed of and the resignations of two teachers, Misses Grace Platto of the Central building, and Ethel Fern Hahn of the Woodside school, were received and accepted.

Superintendent Simkins was instructed to ascertain the number of vacancies to be filled before the opening of school this fall and report to the board, together with a list of reserve teachers for substitute work.

On the recommendation of Superintendent Simkins, Miss Adelia Slatterday of Columbus, was elected to the position of assistant teacher in English in the high school. Miss Slatterday served as principal of a high school in the southern part of the state last year, and was re-elected, but preferred to come to Newark as an assistant. She has specialized in English work and is now taking special lectures at Ohio State in that study. She is a graduate of O. S. U.

Through the action of the board, the matter of procuring supplies and equipment for the chemical and physical laboratories at the high school was left to the committee on supplies with power to act.

Miss Nellie Mead was elected as a teacher in the elementary grades. There are still two vacancies in the high school faculty to be filled and action will no doubt be taken in this matter at an adjourned meeting of the board to be held next Monday night.

### FAIRVIEW.

George Berger and Alonzo Totten attended the ball game at Highwater Sunday afternoon.

Paul Gieckler was the guest of Emery Albough Sunday.

Mrs. Alonzo Totten and two children, Ermine and Irene, were guests of Mrs. Margaret Albough Sunday.

Albert Hartman and Mrs. Margaret Albough called on friends in St. Louisville Saturday.

Miss Goldie Snelling of Newark, who has been visiting her aunt, returned to her home Thursday.

W. H. Weekly and Ben Sanders of Newark, spent Thursday at the farm.

Mr. and Mrs. Jacob Berger were the guests of John Harrington at Newark Sunday.

### CASE AFTER CASE.

Plenty More Like This in Newark.

Scores of Newark people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Amos Frey, Toboso seven miles east of Newark, O., says: "I have been entirely free from kidney trouble since Doan's Kidney Pills cured me over eleven years ago. Prior to that time I suffered severely from pains through the small of my back and joints which were always aggravated by the least exertion. If I sat in one position for any length of time, my back became so sore that I suffered untold misery. I used several remedies, but the relief obtained was slight and I continued to grow worse until I was in a serious condition. I finally read of Doan's Kidney Pills and as they were highly recommended for complaints similar to mine, I procured a box at Crayton's drug store. They acted just as represented, going directly to the seat of my trouble and ridding me of all pain. I have always highly endorsed Doan's Kidney Pills and deem it a pleasure to do so whenever an opportunity presents itself."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Lancaster	42	29	.592
Newark	35	36	.493
Lima	32	36	.471
Mansfield	33	42	.440
Portsmouth	25	45	.357

**Games Today.**

Lancaster at Marion.  
Portsmouth at Newark.  
Lima at Mansfield.

**Yesterday's Results.**

Lancaster 5, Marion 3; 11 innings.  
Marion 4, Lancaster 2.  
Newark 2, Portsmouth 1.  
Mansfield 12, Lima 6.

In an excellent exhibition of the great American game Monday afternoon, Pitcher Tom Quailley, with the assistance of his hard working teammates, annexed the second game of the series with Ransick's Night Riders.

It was a clever pitchers' battle between Quailley and Miller, both men working like clock work. There was little hitting through the eight and a half innings, but it was clean and the fielding was marred by two errors.

Catcher Wallace White, Newark's new backstop, made his debut before a Newark crowd and though he did not create any great excitement, he worked nicely for six innings when his arm commenced to give him trouble and he was relieved by Williams. White's lack of work before reporting to Newark has left his muscles soft and it will take several days work to get him back into condition.

Catcher Moeller of the Portsmouth bunch caught a nice game and kept Miller steady all the way through. Portsmouth opened up on Quailley in the first and acted as though they were going to wax and grow fat on his offerings but not so. Totman led off with a nice single to left field and was sacrificed to second. Burt hit a beauty to center field, but Abbott settled under it nicely and there was no chance to score there for Spencer's hot ground ball to Winters retired the side.

Newark scored in the fourth when Snyder got a life on Spencer's clunker. Wolf fielded Snyder's sizzler and fumbled but recovered and threw in time to Spencer, who ruffed. Snyder smiled easily and Scottie Winters smashed a corking double to left center. Lefty found no difficulty in scoring on the play.

In the preceding inning the Molders threatened the Portsmouth works when Quailley smashed out a double which huzzed the left foul line to the fence. Pop Smith was unable to produce the required hit however and Pitcher Tom expired at second.

Again in the sixth, Newark counted when Snyder singled with one down. Abbott drove a beauty to left center and neither Totman nor Burt could get in front of the ball and it rolled in the clover while Doc circled the bags. Snyder scored easily on the play but Abbott hesitated an instant after turning second, long enough to stumble. He fell headlong in the dirt and could not recover himself in time to reach third in safety.

Locke got a nice hit in the seventh but Murray hit into a double and the scoring chances were spoiled. Portsmouth narrowly escaped scoring in the sixth when Miller singled and went out at second on Totman's effort to sacrifice. Tot stole second and took third when Burt hit to Written. Rals fumbled and Burt was safe and Tot started home. Written recovered quickly and threw Totman out at the plate.

The Night Riders saved themselves from defeat in the last frame when Wolf singled after Totman had fanned. Burt's long single sent Wolf to third and he scored on Spencer's sacrifice fly to Abbott. Bohannon was unable to produce the hit to tie the score and he was thrown out at first and the game was ended.

The two base hits by Winters, Quailley and Abbott were all pretty drives. Keller robbed Locke of a beauty in the fourth by pulling down a drive which would have rolled to the fence for three bases had it gone through. The score:

Newark—	ab.	r.	h.	po.	a.	e.
Smith, 3b	3	0	0	0	1	0
Snyder, lf	3	2	1	2	0	0
Abbott, cf	3	0	1	2	0	0

Lancaster ..... 100100000—2 7 0

Batteries: Wilmot and Anderson; Scanlon and Piper; umpire: Handiboe.

**COLUMBUS RELEASES GRANEY.**

Columbus, O., July 7.—Columbus has released Gladstone Graneey, former Cleveland pitcher. He will go to the Portland, Oregon, club and left here last night for Cleveland on his way west. Columbus could not use Graneey after Hess was secured. It is understood that he will figure in a three cornered deal by which Cleveland will secure a Portland outfielder who will report next season.

## HOGAN GETS HOPKINS

Poxy Marly Hogan of Zanesville, has secured Outfielder Hopkins from Manager Armour of Toledo. "Hop" has been playing indifferently, according to Toledo reports, and this is no doubt responsible for his transfer. He has a reputation of being a hitter and may strengthen the Infants considerably. Zanesville also secured Pitcher Price from Akron of the O. P. According to the Times Recorder, Hogan has been given free rein with instructions to put in a winner at any cost.

**A California's Luck.**

The luckiest day of my life was when I bought a box of Backen's Arnica Salve," writes Charles F. Budahn, of Tracy, California. "Two 25c boxes cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold under guarantee at F. D. Hall's drug store.

# KICKING

**Are the Fans About Black Board on Grandstand**

**WANT BATTING ORDER**

**PUT ON BOARD CORRECTLY FOR EACH GAME SCHEDULED DURING SERIES.**

**Wolf of Portsmouth is Attracting Much Attention—Snyder Playing Great Ball.**

The fans at Wehrle park are kicking because the blackboard which is supposed to have the correct batting order written on it, is neglected. Sunday the batting order of both teams was changed after it had been posted on the board, thus confusing the fans who are not thoroughly acquainted with the various players, both on the home team and that of the visitors.

It occurs to some that there is some sort of a rule about the two teams furnishing the umpire with the batting order, from which there can be no deviation. It is true that this rule is seldom obeyed but it's a good one never the less.

In that batting order Sunday, changes were made even after the press men were given the list by the managers.

The work of Shortstop Wolf of the Portsmouth team has attracted considerable attention by his excellent work here. It is said too that he likes Newark mighty well.

Lefty Snyder is playing mighty fine ball just now. He is up on his toes all the time and the way he dumps those little bunts down in front of the plate brings joy to the hearts of his host of friends here. He can still smash the ball on the nose too.

Newark's new catcher made a favorable impression in the short time he worked Monday. His arm is still sore from his hard work at Portsmouth and Manager Eells relieved him in the seventh, sending in Williams. White smashed two balls but the fielders got in front of them before they went safe.

Portsmouth is playing the last game of the series at Wehrle park this afternoon. The Diggers from Marion will be the attraction for three days beginning with Wednesday afternoon.

Up in the O-P, the scribes are still kicking on Morton's lack of backbone. He suspended Manager Van Patterson last week yet Van directed the movement of his team from the grand stand while Morton looked on from the press box.

The Akron O-P team occupies first place in the race just now. It must be a novel experience for the tossers in that burg.

Manager Eddie Murphy of the Canton O-P team is slated for release and it was said that the majority of the members of the team will get the can at the same time. The club owners are dissatisfied with the showing made by the team.

The Mansfield papers took a rap at President Quinn's umpire system because a regular man failed to show up Sunday. Perhaps they would prefer Bob Hart to no umpire.

Father Quailley of Corning, brother of Pitcher Quailley, and Father Sinan of Coshocton, viewed the work of Pitcher Tom Quailley from the grandstand. It's a safe bet that neither of the clergymen were disappointed in the work of The young pitcher.

Manager Van Patterson of Sharon, has been signed again. Secretary Clepper of the Sharon club, fired him and hired the wiley manager the same day.

A Portsmouth scribe hands a stiff jolt to the team representing that city saying that it needs strengthening. No one disputes that, but he attacks several players that looked good here. Miller, the pitcher who worked Monday, comes in for his share of criticism, and the scribe recommends shipping him back to Toronto, from whence he came. Miller looked good on the mound yesterday and it is possible that he was not in form at Portsmouth Saturday.

## KEEPS PITCHERS READY TO ACT

Manager Harry Eells does not propose to have a pitcher go up in the air when he is not prepared. In Monday's game both Locke and Webb were warmed up, prepared for any emergency, though Quailley never waivered an instant. It is an excellent plan to have a pitcher ready to go in when the emergency requires

and it is poor policy to send a man in without a warming up.

## KOEHL'S GREAT WORK

Fred Koehl relieved the Londonville pitcher in a game at that place against Canton on the fourth and struck out four men in the last three innings of the play. Londonville won the game by the score of 2 to 1. Earl Tuttle of Sycamore, caught the game and they were accompanied to Londonville by Everett Barger. Koehl again pitched for Tiffin Sunday, against a Mansfield team, composed mostly of Ohio State league players. Tiffin won by the score of 5 to 4. Koehl striking out 14 men. Mansfield secured six hits and three of their runs came in the first inning. Koehl won his own game with a home run in the tenth inning.—Upper Sandusky Chief.

**HIS EYE ON KOEHL.**

Reynolds, the crack second baseman for the Mansfield O. P. league team last year, is now managing an Illinois state league team. Reynolds will visit this city Sunday with the Mansfield team and will be in the lineup. It is said that the main object of his visit will be to get a line on Koehl, the Sycamore pitcher's playing, with the idea in view of signing him with his Illinois team.

## JUNIOR HIKE.

Ten of the Y. M. C. A. Juniors under Mr. Ludwig left for Black Hand and vicinity this morning, where they will rough it a few days and get some idea of real soldier life. The boys accompanying Mr. Ludwig were Russell Long, Frank Smith, Durham Pyle, Harry Beuthick, Dale Warner, James Front, Raymond McManis, Byron Pryor, Earl Murphy and Wilfred Rawlings. They will return on Thursday morning.

# GAME DELAYED

Owing to the heavy rain about noon, the management found it necessary to postpone the ball game until 1 o'clock. The grounds were in fair condition at that time.

## AMATEUR GAMES

The Columbus Merchandise company team of Columbus defeated the Patterson team of this city in a local game at Idlewild park Saturday. The score was 13 to 7. The pitching of Black, who relieved Bishop for the locals, was a feature.

The challenge of the P. D. Q's issued a few days ago, was accepted by the Patterson team who defeated them "pretty darn quick", the score being 20 to 7.

The Hayes team defeated the Rutledge team Sunday morning, 9 to 5, in a game which was featured by the hitting of Huffman. He got a single, two doubles and a triple out of four times at bat. A new man, Horn by name, pitched for Rutledge and the Hayes bunch took a liking to his offerings, with the above results.

## COLUMBUS TEAM WANTS GAMES HERE

Manager Writes Challenge For Teams Under 20 Years of Age—Amateur Sport Notes.

The sporting editor of the Advocate has received a letter from Manager E. R. Search of the Columbus Iron and Steel baseball team, challenging any team of amateurs under 20 years of age. The Columbus lads want at least two-thirds of their expenses paid and will reciprocate on the visit of the Newark team to Columbus. Mr. Search states that his team is well uniformed and that he is not ashamed of their appearance. The manager's address is 21 West Spring street, Columbus.

## AUDITORIUM.

At the Auditorium last night the new moving pictures were all enjoyable and up to the high mark set by the management. Zouboulakis, the clay cartoonist and musical artist was above the usual vaudeville turn, and pleased very much. His clay model of Uncle Sam, Roosevelt, etc., were very life like. The musical part of his turn called for four encores. Tonight will occur the third of the Auditorium treats, when each lady attending will be given a ticket good at the Purify for a dish of ice cream or soda treat. The illustrated songs, "Dear Old Pals," and "What the Church Bells Told," were very pretty and well rendered by Mrs. M. Wilson.

**IDLEWILDE PARK.**

"In Old Kentucky" will be the bill for Wednesday and Thursday. Specialties all new and entertaining.

**OXFORDS AND STRAW HATS 1-4 OFF. STEPHAN'S DEPT. STORE.**

## THRILLING

**WAS THE EXPERIENCE OF THE BEAUTIFUL Mlle. LEJRE LAST EVENING.**

**Auto Jumped Track in the "Somersault of Death" at Buckeye Lake Park.**

After having been warned by her insurance company that her life policy of \$5000 would be cancelled if she rode the "Somersault of Death" again, Mlle. Edna Lejre took a chance and signed a contract to appear for eight days in her daring act at Buckeye Lake park, and Monday evening while making the descent of the incline at about half way down the grade the heavy automobile lurched and jumped the track, catching and hanging by two wheels against one of the steel rails of the track.

Owing to the fact that Mlle. Lejre was strapped securely in the machine she was spared a fall that would have probably cost her life. The machine was held in its position while the daring young woman was taken from her perilous position and landed safely on terra firma. Then it was hoisted back to the top of the incline where it was examined and pronounced unfit for immediate use, owing to a badly bent axle.

In the meantime the young woman, although badly frightened, had her nerve along with her, and persisted in waiting until the machine was ready for her to successfully make the ride. When it was announced that the machine was out of commission, the young woman consented to go to her room. Although badly frightened and considerably shaken by the accident, she was not injured.

The car was immediately put into the hands of the repair man and the regular ride will be made Tuesday evening and the rest of the week. It is understood that Mlle. Lejre's life insurance policy is carried by the company only conditionally, and the company threatened to cancel it if she rode on any more contracts.

**Dust and Disease Germs.**  
Each day science brings to light new phases of the menace of dust to health. Germ-life and dust are in close alliance. The interests of health require not only stringent measures for the destruction of germs themselves, but for the suppression of dust in which the most dangerous germs are bred and carried. The only safe way to purchase coffee is to buy Climax in sealed dust-proof packages.

### How Big Does a Dollar Look?

No matter how big, a single pound of coffee at 30c knocks a hole in it. Yet you must have good coffee. If you can get better coffee and save 10c a pound, how much would that mean to you in a month? We guarantee that

**CLIMAX PACKAGE COFFEE**  
(Never Sold in Bulk)

is at least equal in quality to any 30c coffee you can buy. And it is better because it is protected by a sealed package from all the dirt, dust and germs bulk coffee comes in contact with. Clean, whole berries, roasted just right and packed, immediately after roasting, in sealed packages. It retains indefinitely its strength and delicious flavor. Every cup has

### "The Aroma That Makes You Hungry"

## DEMOCRATIC CONVENTION

(Continued from Page Two.)

courts to do their jurisdiction, prescribe their procedure, restrict their processes and generally to fix the bounds within which judicial functions shall be exercised.

"It makes no difference whether the courts are acting in excess of their jurisdiction or strictly within their delegated powers. In either case the people have a right to throw additional safeguards around human liberty. There can be no reflection upon the honesty of the courts in the passage of a measure that will confine the equity powers of the federal judiciary within such bounds as the people of the United States, through the legislative branches of their government may determine. This Democratic convention must formally and unequivocally pledge itself to such legislation as will prevent the writ of injunction from being converted into an instrument of oppression.

"We have something to do in this convention besides pointing out evils and taking the Republican party to task for the part it has played in creating and perpetrating abuses. Democracy is once more called to the front to battle for the secret principles of self-government. It must wage an uncompromising war for the return of the government to the hands of the people, and this means that the phalanx of special interest must be broken. With the power and opportunity to carry out Democratic principles, we will be called upon to revise our tariff laws in the interests of the whole people. This issue cannot be disposed of by the assertion that the Republican party also stands for tariff reform. Republican revision and Democratic revision are two different things.

"The Democratic idea is that where tariff enables the trusts to maintain a system of extortion the duty should be removed from all trust-made goods, so that competition from abroad may compel reasonable prices to our own people. There is a vast difference between the protection of American industries and the protection of criminal monopolies.

"The expense of our government, even when most economically administered will always require substantial tariff rates, for the customs duties will always be our chief source of revenue. The amount and distribution of these rates must always be delivered along equitable lines, keeping in view the greatest happiness to the greatest number and particularly withholding the shelter of the tariff from those who use it, not for legitimate self protection, but for the criminal purpose of extorting the last dollar from the American consumer.

"The corrupt use of large sums of money in political campaigns is largely responsible for the subversion of the people's will at the polls. The masses are awakening to a realization of the great power of gold in contests that ought to be determined according to the character of nominees and the soundness and morality of political issues; and there is a general demand for publicity in the collection and use of campaign funds so that our citizens may know whether a political party has purchased its way into office or has won its victories by honest means.

"In the Chicago convention a minority report of the committee on resolutions, containing a declaration in favor of publicity was overwhelmingly defeated upon a roll call of the convention and the Republican party placed itself squarely upon record in favor of concealing the names of the contributors, and the amounts of their subscriptions.

"It is eminently proper that this convention should define the Democratic attitude toward the regulation of transportation companies and call the attention of the country to the indisputable fact that it was only after years of Democratic effort that an amendment was made to the interstate commerce law authorizing the commission to establish reasonable rates whenever it appeared that an existing schedule was unjust and unreasonable. The national platform of the Republican party remained silent upon this great question for years and the fact that the necessary change was advocated by a Republican president, who succeeded only through the aid of the Democrats in both branches of congress in placing the amendment upon our statute books, does not affect the credit to which our party is entitled for having worked persistently for such an enactment. Further amendment to our laws giving the federal government supervision over the issuance of railroad stocks and bonds is demanded.

"We search in vain for one syllable in the Chicago platform pledging the Republican party to retrenchment and reforms; and it is no mere coincidence that has given us a billion dollar session of congress on the eve of a national election and the possible revision of the tariff.

"No long as we maintain the present method of electing United States senators we cannot hope that the upper chamber of congress will reflect the popular will. The Democratic party will continue to labor for the direct election of United States senators and it appeals to the voters of all America to elect members of the different state legislatures who will pledge themselves to vote for no candidate for the United States senate that is not in favor of this reform. The affirmative position of the Democratic party upon these great questions will be made clear during the impending campaign, and disclaiming all subtleties it will speak

in a language that cannot be misunderstood. Its voice will ring with a genuine love for humanity and the charge of insincerity will never be brought to its doors. Let our party declaration in this convention present the strong contrast between that which we here propose and that which was declared at Chicago. Let any man take the temperature of the Chicago platform and discover, if he can, any sign of human warmth. Not a single sentiment is there to redeem it from the materialism permeating it through and through.

"This national convention meets at a time when the angel of peace is hovering over the entire world and the nations of the world each day are strengthening those ties of friendship and common interest that will render war less frequent and permit mankind to turn their hands to the peaceable pursuits of life rather than to the destruction of one another.

"The Democratic party realizes the part that America must inevitably play in the affairs of the world, and that we cannot escape participation in the settlement of every world problem that arises; but America's weight and influence must ever be on the side of peace, on the side of justice, on the side of the oppressed; and if the will of the people shall commit to our hands the sceptre of power, it will be used for the realization of the high American ideals that raise our own people to loftier and better things and through our precepts and examples contribute to the well being and happiness of all mankind."

At the conclusion of Bell's speech, a motion was put and carried directing the various state delegations to announce the names of their representatives in the following convention committees: Credentials, Permanent Organization, Rules and Order of Business, and Platform and Resolutions.

At the close of the session today resolutions in respect to the death of the late ex-President Grover Cleveland were introduced by Delegate S. J. Dunn, of Nebraska, who will be Bryan's nominator. They were unanimously adopted and the convention adjourned until tomorrow, as a further mark of respect. The resolutions were prepared by Olffe James, of Kentucky. The delegates and spectators filed slowly from the hall, while the soft strains of "Nearer, My God, to Thee," floated out through the open windows, a tribute to the man who twice carried Democracy's standard to victory after stirring battles.

### DELAYED BY FLOODS

Temporary Chairman Bell Leaves Lincoln on a Hand Car.

Denver, July 7.—The trip of Temporary Chairman Bell to Lincoln to confer with William J. Bryan was a series of mishaps from beginning to end. Ten hours were consumed by Mr. Bell in making the fifty-five miles between Omaha and Lincoln. His train was side-tracked at half a dozen points for other trains and was held at a spot five miles from Lincoln for several hours because of a flood which had all but put the Rock Island out of business. The train was halted by a washout, and facing a condition and not a theory, Bell, grips in hand, started to walk to the city. He encountered half a mile of track under water and bravely waded through the lake, part of the time up to his knees in water, landing on the terra firma when he reached the city limits. He walked to the Lincoln hotel, two miles away, and after securing a bite of breakfast, started for Fairview in a carriage.

Despite the fact that he had less than half an hour in which to confer with the Democratic leader, Mr. Bell covered the questions of his speech and other matters he had in his mind. It was late when Mr. Bell reached the Rock Island station, where he found a hand-car waiting him. The strenuous day had given him little opportunity to sustain the inner man, and anticipating this condition, an elaborate supply of edibles had been piled on to the hand-car from a dining car.

The scene of the departure was full of comedy and drama. Standing on the front of the hand-car, Chairman Bell displayed his six feet of height preparatory to the start, while a dozen photographers tried to snap the scene during a downpour of rain. The temporary chairman in the act of propelling a hand-car out of town in order to reach the scene of actively proffered sufficient interest to bring a crowd of people to the little station despite the weather, and as he rested his weight on the handle of the car a parting cheer was given him by the members of the reception committee who had cared for his wants during the few hours of his stay in the city.

At the end of the washout the hand-car was abandoned and Mr. Bell transferred to a waiting special on the Rock Island road, on which the rest of the journey was accomplished.

### THE GIRL AND THE HAT

The Big Hat Song from Florenz Ziegfeld's New Musical Review, "The Follies of 1908," now on at the New York theater roof garden, is the latest hit in New York. This is a year of big hats, and it is quite a clever creation in the way of a song that has capped off the season with the extreme hat limit. It's good music with a swing to it, and everybody will want it. Words and music complete with the New York World next Sunday. Music by arrangement with Cohen & Harris, publishers.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trade with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

## HOW TO KNOW A MAD DOG

Hydrophobia is in reality so rare and so terrifying that its symptoms and treatment are little understood. As a matter of fact the commonly accepted expression of madness in a dog is often misleading. The real mad dog does not shun water, as it is said. On the contrary, mad dogs often rush to the water and drink eagerly, if they are able to swallow. The mad dog does not froth at the mouth. It does not run amuck, snapping at everything in its path. What, then, are the indications of the mad dog? To those familiar with a given dog the surest symptom, and the one which would excite closest attention, is a distinct and unaccountable change in the dog's disposition—a staid dog becoming excitable and a frisky one dull. That condition does not necessarily mean rabies, but it is suspicious, and if, in addition, the dog has trouble in swallowing—as though it seemed to have a bone in its throat—beware! That dog should be instantly tied up, because if it be rabies it takes but a day or two for ferocious instincts to develop. The unmistakable evidence, however, of a dog with rabies in the sticky, whitish saliva which covers the teeth and shows on the drawn

lips. The eyes glare and are red; the dog has paroxysms of running fury, during which it barks hoarsely, which alternate with periods of temporary exhaustion.—Outing Magazine.

**PILES! PILES! PILES!**

## RECEPTION TO JUNE BRIDES

A reception was given at the home of Mr. and Mrs. J. Madison Moore of Ridge avenue, honoring Mr. and Mrs. Ray Berger, nee Miss McVey of Newark, and Mr. and Mrs. L. C. Miller, nee Miss McGee of Pleasant City, brides and grooms of June, says the Zanesville Signal. The guests were mostly young people, friends of Mrs. Berger and Mrs. Miller, who formerly resided in this city. The hours were from 8 to 11 and during that time a delightful social evening was spent, a two course luncheon being served. The rooms of the Moore home and lawns surrounding were beautifully decorated with the country's colors in honor of her birthday. Out-of-town guests were the honor guests and Mr. and Mrs. Huffman, Mr. and Mrs. McVey, Miss Chilcote and Mr. Ferguson of Newark.

Are the artists' ideals in Automatic Instruments. Any one can play them and they appeal to both young and old. The prices and terms are most reasonable. We are sole agents.

**The Munson Music Co.**

27 WEST MAIN STREET.

### ELECTRIC IRONING

#### SAVES WEARY STEPS FROM STOVE TO BOARD

Ironing time isn't a session of uncontrollable merriment to the usual woman.

Toiling all the blessed forenoon in a stuffy kitchen by a hot stove is no place for a woman's frail strength.

It tires her for all day.

It incapacitates her for other work.

It strains her back and breaks her spirit.

Why not emancipate yourself from such slavery by using an electric iron?

With an Electric Flat Iron all you have to do is to attach the plug to any electric light socket that may be handy, and you may even take your ironing under the shade of a tree or on the porch.

We will deliver one on trial. Call 227, both phones.

**The Licking Light and Power Co.**

## The Wiedemann Products

THE SYMBOL OF PURITY, FLAVOR AND EXCELLENCE

### Their Equipment:

The most highly improved equipment extant.

### The Process:

The WIEDEMANN products are obtained by using the choicest material obtainable. The utmost precaution and cleanliness is observed throughout the brewing of their famous products, which are obtained from a perfect process peculiarly their own.

### The Result:

The above elements contribute to a marked degree to the high quality of the WIEDEMANN products and is the reason why they are universally conceded as the most peerless product extant of the brewing art.

## DRUG CLERK WEDS HEIRESS

ZANESVILLE GIRL ELOPES WITH  
A COLUMBUS YOUTH LAST  
APRIL.

Announcement Just Made Public—  
Became Sweethearts While At-  
tending School.

Columbus, July 7.—Friends of Thomas H. Hamilton, a clerk at the soda water fountain in the Wende-Bristol drug store, will be surprised to learn of his marriage to Miss Marguerite Graham, a \$200,000 heiress of Zanesville. She is the daughter of W. H. Graham, a leading retail druggist of Zanesville, and a granddaughter of W. A. Graham of the First National bank of that city.

The marriage did not become known until yesterday, although it took place in Cincinnati, following an elopement in April. Mr. Hamilton is 21 years old and his wife is about the same age. He has been making his home with his parents, Mr. and Mrs. George Hamilton at 16 North Third street, since their removal to Columbus from Zanesville two years ago.

Thomas H. Hamilton was a school-mate of Miss Graham in the public schools of that city. They became sweethearts during their school days. After their marriage it was kept a secret and Mr. Hamilton returned to Columbus. Sunday morning he went to Zanesville on a two weeks' vacation. He joined his wife and the announcement of the marriage was made yesterday.

## NEXT TRIP TO NEW MEXICO ON TUESDAY AUG. 18

If you doubt the truth of any of the splendid reports concerning the agricultural conditions of New Mexico, ask any of the numerous Licking county people who have visited the great southwest and who have purchased farm property there. Los Vegas offers the chance of a lifetime to the man who is looking for a good farm land investment. This is a broad assertion but it can be proved to your entire satisfaction.

The next excursion from Newark to New Mexico will leave this city on Tuesday, August 18th. The fare is \$41.25 for the round trip; tickets good 25 days. To all purchasers of land the fare will be refunded so that the trip costs you nothing.

If you have a few dollars that you want to put to work, if you want to buy land that is sure to increase in value, if you want a good thing in real estate, join this next excursion on August 18 and take a look at New Mexico. Seeing is believing. We can show you and if your judgment says "no" you are out only the cost of a fine trip. If it looks good, as it does to 90 out of 100, buy as much land as you want. It is a proposition well worth your consideration. If interested call upon or write to John Tucker, 71 East Main street, Newark, Ohio.

### JERSEY.

Bryon Merrill and family spent Sunday with Mr. and Mrs. Bert King. Charles B. Williams of Ada spent the Fourth at home.

Stewart Whitehead was at Buckeye Lake on the Fourth.

All the members of the High school graduation class who received certificates, have been invited to teach in Jersey township.

Fortunately, the Fourth of July passed without any serious accidents. An all day program had been arranged and everybody observed the holiday.

The Kirkersville baseball team played against Jersey and won the forenoon game 1 to 2. It was called in the 5th inning on account of rain.

Jersey won the afternoon game 7 to 6. King pitched in the forenoon and Harrison in the afternoon.

The lawn fete in the evening by the Christian Endeavorers was quite a success, a large crowd being on hand to witness the fireworks.

The morning papers on July 5, 1907, erected the reader with the announcement of 37 dead and 2395 seriously injured. These figures told, as far as time allowed the gathering of information the annual penalty paid in the United States by celebrators of the Fourth of July, and when the deadly toxins germ had ceased its work of death life in August, scores had been added to the list of Fourth of July victims.

The American people, a people of foolish antics and hideous noises, at these matters, properly celebrate the occasion when the declaration of independence was passed and the members of the Congress of Congress, dressed their costumes and the boys that we might have this great republic.

## KILLED IN A RUNAWAY

CROTON LAD MEETS DEATH UNDER WHEELS OF LOADED WAGON.

Father Left Lad to Hold Team While He Released a Colt from the Stable.

Croton, O., July 7.—Carl Green, an 11 year old lad, was fatally injured in a runaway accident near this place Monday evening, death following his sufferings an hour later. Young Green had been to town with his father, Charles Green, and returned with him on a load of lumber. The father stopped in front of his home, leaving the team in the road while he released a colt from the stable.

During his brief absence his team frightened and ran away. His son was thrown from the load to the ground and the wheels passed over his little body crushing it in a terrible manner.

He was tenderly carried to the house, but the physician who was called could only administer opiates to relieve the suffering. The accident occurred at 5 o'clock and an hour later, death relieved the lad's sufferings.

The funeral services were held on Tuesday afternoon from the home of the boy's parents, Rev. B. J. Smith of the Hartford M. E. church officiating. The body was interred in the Hartford cemetery.

### NOTICE OF APPOINTMENT.

Estate of Charles C. Clark, deceased. The undersigned has been duly appointed and qualified as administrator of the estate of Charles C. Clark, late of Licking county, Ohio.

Dated this 22d day of June, A. D. 1908. E. K. MORROW, Administrator.

## MEYER & LINDORF

### FLEET SAILS

(Continued from Page 1.) Mediterranean during September, according to the present plans of the department.

The Milwaukee, a sister ship of the Charleston, will cruise to Honolulu the latter part of August and will probably be joined there by the St. Louis.

By Oct. 1 there will be 32 battleships, 10 armored cruisers, four protected cruisers of high speed, two flotillas of torpedo craft, a screen of scout ships and a balancing complement of naval auxiliaries flying the American flag in foreign waters.

No such extensive movement of its fighting ships to foreign stations has ever before been attempted by a naval power.

Under the present orders there will not be a single effective fighting ship on the home stations this fall.

It is predicted that unless some unforeseen diplomatic situation arises the ships will steam into Hampton Roads February 22.

President's Message to Fleet. Oyster Bay, July 7.—President Roosevelt today sent the following message to Rear Admiral Sperry commander of the American fleet:

"I send you and officers and enlisted men under your my heartiest good wishes on the eve of your departure. That the American people can trust to the skilled efficiency and devotion to duty of its representatives on the fleet has been abundantly shown by the trip around South America, and I know will be made equally manifest on your trip across the Pacific, Indian and Atlantic oceans. You have in a peculiar sense, the honor of the United States in your keeping, and therefore no body of men in the world enjoy at this moment greater privilege or carry a heavier responsibility."
